McAdoo Will Be Either Postmaster-General or Secretary of War, Is Belief

PRINCETON, N. J., Nov. 6.—Choice of his "official family"—the cabinet—faced President-elect Wilson today. It is known that Wilson has made no promises or pledges. But, leading democrats said, several appointments were considered as practically settled. These are: William Jennings Bryan as secretary of state; Dr. Harvey W. Wiley, former chief chemist, as secretary of agriculture; Louis D. Brandeis, the Boston attorney, as attorney general; Wm. G. McAdoo, vice chairman of the democratic national committee, is also slated for a portfolio, either as postmaster general or secretary of war.

Daniels Likely Postmaster
Josephus Daniels, national committeeman of North Carolina and chairman of the democratic bureau, is also regarded as a likely choice for postmaster general.

Chairman McCombs of the national committee, it is reported, will not be called to the Wilson cabinet, but will be taken care of in some other capacity if he desires. His health is poor, and he is expected to avoid any heavy or confining work.

For Secretary of the treasury Representative A. Mitchell Palmer, Wilson leader in Pennsylvania or Representative Wm. C. Redfield of New York, are generally regarded as leading Wilson's consideration. Redfield, who retires from the house March 4, is also mentioned for secretary of commerce and labor. Labor Commissioner Charles P. Neill is also a possibility for that portfolio.

Representative Burleson of Texas, campaign general of Wilson is generally considered assured of a cabinet job, with chances favoring his taking the navy or interior department desk.

Tom Pence, newspaper correspondent and Wilson publicity man, is talked of for secretary to the president.

Mayor Newton Baker of Cleveland is another thought to be considered for the job of "little president."

May Choose Senators
Several senators, including O'Gorman of New York, Luke Lea of Tennessee, Gore of Oklahoma, Rayner of Maryland, Gardner of Maine and Culberson of Texas, have been mentioned as cabinet possibilities, but it is generally believed Wilson will not recruit any cabinet members from the senate because of the small democratic majority there.

Other democratic chieftains said to be cabinet timber are said to be State Chairman Hoynes of Connecticut, ex-Mayor John W. Guthrie of Pittsburgh, Colonel Robert Ewing of Louisiana, national committeeman; Representative Henry of Texas, National Committeeman Wade and Jerry B. Sullivan of Iowa, Governor Burke of North Dakota and National Committeeman Fred B. Lynch of Minnesota.

SOCIALIST VOTE IS HEAVY

In South Debs Runs Ahead of Taft in Many Localities; 6 Republican Governors Chosen

MILWAUKEE, Wis., Nov. 6.—Latest indications from the state seem to sustain the contention of Governor McGovern, that when the returns are all in he will be re-elected with the entire state ticket.

With Milwaukee, the lower lake shore and south and southwestern counties heard from, Karel had about 7,000 majority, but the upper lake shore, central and northern counties—totaling nearly half the state—have not yet returned their vote. These are coming in slowly, and nearly every one shows a substantial gain for McGovern. Barron county cut off 1,000 off the Karel lead, and at 3 o'clock this afternoon available figures indicated Karel's lead reduced to about 2,000, with more than a third of the counties to be heard from.

Tom May Win Anyway
The election will be very close, and as the state ticket is running ahead of McGovern strong enough to insure it from 2,000 to 3,000 votes more than the governor, it is possible that from Tom Morris, for lieutenant governor down, the republicans may win, leaving Karel the sole triumph of the democratic stalwart alliance.

MILWAUKEE, Wis., Nov. 6.—Gov. F. E. McGovern, republican, at noon today claimed his re-election by a safe plurality over Judge J. C. Karel, democrat.

"I am elected by the up-state counties which lead will be sufficient to overcome the vote of Judge Karel received in Milwaukee county," declared the governor. The outcome was in doubt from returns at noon today. Reports from northern counties materially cut down the democratic lead.

Karel supporters claimed, however, this was not sufficient for McGovern to win and claimed the election by 10,000 plurality.

Karel's plurality in Milwaukee county is 14,756. McGovern leaders say this lead is overcome by state returns up to 7 a. m., and the governor is leading by 960 votes with 1,124 precincts to be heard from.

Legislature Republican

Incomplete returns at noon today showed the political complexion of the next state legislature will be: Senate—Republicans (elected) 11; republicans (hold overs) 12; democrats (elected) 5; democrats (hold overs) 4; socialist-democrat (hold overs) 1.

Assembly—Republicans, 58; democrats, 36; socialist-democrats, 6.

20,000 Lead for Wilson.
Wilson and Marshall swept the state by at least 20,000 plurality. In Milwaukee county it was 7,828.

Near definite returns from the eleven congressional districts show the election of eight republicans and three democrats. In the fifth district W. H. Stafford, republican, defeated Victor L. Berger, socialist incumbent, by 2,081 plurality; M. E. Burke, second, M. K. Reilly, sixth, and T. E. Konop, ninth, democrats, were elected. Republicans are as follows: H. A. Cooper, first; John M. Nelson, third; W. J. Cary, fourth; W. H. Stafford, fifth; John J. Esch, seventh; E. E. Brown, eighth; James A. Frear, tenth; Irvine L. Lenroot, eleventh.

Senate Defeated 2 to 1.
Returns at noon today indicated that the proposed woman suffrage amendment in Wisconsin has been defeated two to one. The proposition lost in Milwaukee county by over 20,000.

FOND DU LAC, Wis., Nov. 6.—

(Continued on Page Six.)

CONCORD, N. H., Nov. 6.—Wilson carried New Hampshire by a small plurality according to latest returns which cannot be changed by returns in small places yet to be heard from. This gives Wilson a clean sweep of New England, excepting only Vermont.

IOWA FOR WILSON

DES MOINES, Iowa, Nov. 6.—Returns at noon indicate that Wilson has carried the state for president and that the lead of Clarke, republican, for governor, has been reduced. The democrats claim the state for Wilson by 20,000, the progressives give no figures and the Daily Capital (republican standpoint) and the Tribune (progressive), both say Wilson has won by more than 3,000 to 6,000. Both republican papers claim the republican state ticket is elected.

NEW YORK, Nov. 6.—Democratic State Chairman H. H. Martin of Kansas wires National Democratic Chairman McCombs here this afternoon that Kansas had gone for Wilson.

NEW YORK, Nov. 6.—Realization of just how great a victory they had won came to the democratic hosts of the nation today. Last night they had sensed victory and rejoiced, but today the scope of what it meant was dawning on the leaders, and everyone of the party chieftains was solemn in the face of the responsibilities they will now be required to shoulder. Wilson and Marshall had carried thirty-seven of the forty-eight of the United States. In the others they had run second and some of them were recorded against democracy by comparatively narrow margins.

In Pennsylvania and Michigan, the vote was very close and these two states represented a total of 53 votes in the electoral college.

Wilson goes into power with a combined democratic house and senate behind him. This means he will be able to enact whatever legislation he and the party chieftains believe necessary. Wilson is expected to assume leadership of his party in both houses of congress immediately. He is on record as declaring that he believes when the American people elect a president to follow a certain line of action they expect him to make good. And those who know Wilson best expect him to make specific recommendations to congress and then if that body does not act, to go directly to the people for needed support to put through the suggested plans.

It was this fact that caused the democratic leaders to "take stock" today. The returns from the various states were analyzed and their meaning sensed.

The Wilson landslide had been great enough to carry into office democratic state tickets in many states. Even where Wilson had failed to get through the swing had gone on, and Michigan and Illinois, carried by Roosevelt, elected democratic governors.

Massachusetts gave Wilson approximately 25,000 plurality, and emphasized its liking for Eugene Foss by tacking 20,000 on to the figure for the democratic governor. Maine, which had failed to re-elect

NECK AND NECK IN GOPHER STATE

Wilson May Beat Out Col. Roosevelt for Electoral Vote of Minnesota

GOV. EBERHART RE-ELECTED

Republican Governor Wins by Plurality of Twenty to Forty Thousand

St. Paul, Minn., Oct. 6.—If there is no change in the standing of the three presidential candidates in Minnesota, Wilson will draw a slight following from the republican ranks in addition to holding the Bryan vote of four years ago. Assuming that the same ratio will continue the vote in Minnesota would approximate these figures: Wilson, 118,266; Roosevelt, 104,283; Taft, 82,536.

Four years ago the vote in Minnesota was: Taft, 195,843; Bryan, 109,401.

Governor Wilson is still in the lead at 7 a. m., with the vote in the Twin city practically complete, but with only 394 of the 2,700 outside precincts heard from. The democratic presidential candidate has a lead of only 5,000 over Colonel Roosevelt in the Twin city, where he was expected to run strongest.

Returns from the country districts, coming in slowly, early this morning continue to add to Roosevelt's strength and it is possible that he may have carried Minnesota by a close margin. It is a neck and neck race between city and county.

Complete returns from Minneapolis and returns from 94 of the 133 precincts in Ramsey county, coupled with 185 scattered precincts from the state at large indicate Governor Eberhart's re-election over P. M. Ringdal, democrat, by a plurality ranging from 20,000 to 40,000.

ELECTIONS DO NO HARM

CHICAGO, Nov. 6.—"Though political conditions do affect prices, presidential elections neither make nor unmake the value of securities," said Otto H. Kahn in an interview here. "In the long run crops and the people's industrial condition are what count."

NOVELIST WEDS

DAYTON, Ohio, Nov. 6.—Booth Tarkington, the Indiana author, and Mrs. Temple Robinson, divorced wife of Temple Robinson, the noted English writer, were married here today.

T. R. WINS LOS ANGELES

LOS ANGELES, Cal., Nov. 6.—Five hundred and nineteen precincts complete out of 573 in Los Angeles county give Roosevelt 50,580; Wilson 39,580.

ILLINOIS MAY COME TO WILSON

Half of the Precincts Give Roosevelt a Lead of but Seven Hundred Votes

STATE RETURNS DEMOCRATIC

Colonel's Big Vote in Cook County Dwindles as the Southern Part of State Comes In

CHICAGO, Nov. 6.—Illinois may swing into the Wilson column when the returns are all in. With 2239 of the 4286 precincts in the state counted, Roosevelt's lead over the president-elect is but 700.

Roosevelt's early lead was due to the vote in Chicago and Cook county and as the down state returns pour in, the lead is steadily reducing. It would not surprise politicians, in view of the current indicated by the country vote, if Wilson led Roosevelt at the finish.

The estimated plurality of Edward P. Dunne, democratic candidate for governor is from 85,000 to 120,000. Returns from 1814 of the precincts show that his plurality is greater than was calculated last night. The figures: Dunne, 425,872; Funk, 310,668; Deeney, 290,992.

Judge Dunne carried the entire state and Cook county democratic ticket to victory and while the legislative results are still in doubt, it is not believed that either the democrats or republicans will have a narrow margin. It is a neck and neck race between city and county.

Complete returns from Minneapolis and returns from 94 of the 133 precincts in Ramsey county, coupled with 185 scattered precincts from the state at large indicate Governor Eberhart's re-election over P. M. Ringdal, democrat, by a plurality ranging from 20,000 to 40,000.

WILSON CARRIES OREGON

PORTLAND, Ore., Nov. 6.—In complete returns from 26 of the 34 of the counties in Oregon give Wilson 5,262; Roosevelt 4,955; Taft 2,721. If this ratio is maintained Wilson will win by approximately 8,000 over Roosevelt. Returns from the same counties for senator: Ben Selin, republican, 3,440; Bourne, independent, 2,432; Harry Lane, democrat, 3,630; A. E. Clark, progressive, 918. Women's suffrage has carried by about 8,600.

WILSON WINS ARIZONA

PHOENIX, Ariz., Nov. 6.—One hundred and thirty-three scattered precincts out of 301, give Wilson 7,323; Roosevelt 5,011; Taft 1,918; Debs 1,534. Enough votes have been counted to assure a strong majority for the women's suffrage and recall of the judiciary constitutional amendments.

4 STATES GIVE WOMEN SUFFRAGE

Wisconsin Only One of Five States that Turned Down the Amendment

SUFFRAGE LEADERS PLEASED

General Celebration of Victory to Take Place in New York Sunday

NEW YORK, Nov. 6.—Advocates of women's suffrage were delirious with joy today. Four out of five states carried yesterday for the amendments striking the word "male" out of the state constitutions was considered sufficient cause, and it was stated that Saturday night's great parade up fashionable Fifth avenue, to be participated in by thousands of men and women representing every state in the union, would be a record breaker.

One state, Wisconsin, rejected suffrage yesterday. Four approved, Arizona, Oregon, Kansas and Michigan, bringing the total of states where women have all of the rights of men up to ten. In addition, in the election of Wm. Sulzer as governor of New York, the empire state has for the first time in its history a friend of the "cause."

It was agreed by the leaders that the real reason for the defeat of the suffrage amendment in Wisconsin was the fight made against the socialists, who had made suffrage a preferred cause. In addition it was opposed by the liquor interests, and the combination was too great for the women to overcome.

DETROIT, Mich., Nov. 6.—While fragmentary returns made forecasting hazardous, it seemed safe to say at noon today that the woman suffrage amendment had been adopted in Michigan. Reports from about twenty counties gave the amendment a 2,000 majority with surprising support coming from the rural districts. Only Grand Rapids among the larger cities has been reported against votes for women. Detroit gave early indications of defeating it, by over 5,000 but this was later changed.

California Wilson's—15,000

SAN FRANCISCO, Cal., Nov. 6.—That Wilson has carried California by from 10,000 to 15,000 is indicated by the latest returns. It probably will be tonight or tomorrow before definite figures can be obtained.

With 105,232 votes cast in San Francisco complete returns show that Wilson carried the city over Roosevelt by more than 10,000 votes. The vote on president was: Wilson 49,021; Roosevelt 38,624; Debs 12,415; Chafin 1,141.

Last Great Battle Between Bulgars and Moslems Opens the Road to Constantinople

WON'T QUIT THEIR FIGHTING

Czar of Bulgaria Says He Will Drive the Mohammedans Out of Europe

PARIS, Nov. 6.—The Bulgarians completely routed the Turks at Chorlu and Sarai during the night, according to a dispatch received today from Sofia, killing, wounding or capturing 40,000.

The dispatch said the road to Constantinople is now open. This presumably meant, after Chatalja, which is believed not to be difficult now.

BELGRADE, Nov. 6.—Novorosh, the last town still held by the Turks in Novibazar, has surrendered to the Servians, it was officially stated here today.

The anti-foreign situation in Constantinople is more threatening today and it was said all Christians who could do so were leaving the city by boat.

SOFIA, Nov. 6.—Bulgaria has not given a single thought to the re-establishment of peace with Turkey, declared President Danoff of the lower house of the Bulgarian parliament just back from an interview with Czar Ferdinand at the front. Ferdinand means to continue fighting, said Danoff, until "a certain end is accomplished," when the war will cease of itself. The statement was interpreted as meaning that Ferdinand is determined to drive the Turks out of Europe.

MCKINLEY LACKS 1500

CHAMPAIGN, Ill., Nov. 6.—That Congressman McKinley, President Taft's primary campaign manager, lacks 1500 votes in this county to assure his election was the contention today of democratic managers in the nineteenth Illinois district. In Champaign McKinley's majority was between 800 and 1,000 with half the precincts heard from.

The election of Borchers, democrat, is practically conceded.

NEVADA SENATOR DEMOCRAT

RENO, Nev., Nov. 6.—With Nevada safely in the Wilson column, interest has centered in the senatorial race between Key Pittman, democrat, and Judge W. A. Massey, republican. Incomplete returns indicate Pittman a winner. Tallman, democratic candidate for congress, is leading Roberts, republican, by a small plurality.

DIRTY MILK TEST OUT

UNIVERSITY DEVISES SCHEME TO DISCOVER THE QUANTITY OF SEDIMENT IN LACTEAL FLUID

MADISON, Wis., Nov. 6.—A milk sediment test, which will give milk dealers and creamerymen a chance to show the farmers that supply them with milk just how much dirt there is in a pint of each man's milk, has been devised at the college of agriculture of the University

of Wisconsin and is described in a new bulletin of the college, which can be obtained free of charge upon request.

The test shows whether or not the milk is fit for direct consumption and is an index to the conditions under which the milk was produced. A. C. Baer, author of the bulletin, says that when farmers can actually see how much dirt is obtained from one pint of the milk they supply to milk dealers or creameries, they will try to keep their cows, stables and milking utensils clean. Dirty milk is not only dangerous from the hygienic

standpoint, but is also likely to produce poor quality in dairy products, thus causing financial loss. The test is now extensively used in the United States by city milk dealers and boards of health.

WILSON IN NEW HAMPSHIRE

CONCORD, N. H., Oct. 6.—Only 196 of the 400 wards and towns in New Hampshire had reported up to 10 a. m. Wilson was leading Taft, the vote standing, Wilson 22,105, Taft 21,424, Roosevelt 13,100. The republicans claimed Taft would show substantial gains in the latter bal-

loting. Felker, democrat, was leading for governor, but could hardly secure the majority under the law, and the legislature will elect Worcester, republican.

CALLAHAN ONLY CANDIDATE

MILWAUKEE, Nov. 6.—When the sixteenth annual convention of the Wisconsin Teachers' association convenes Thursday, the name of John Callahan probably will be the only one presented as a candidate for president.

NOTICE OF APPLICATION TO COUNTY COURT.

State of Wisconsin, County Court La Crosse County, ss.—In Probate. Notice is hereby given that at a regular term of the County Court, to be held in and for said county, at the Court House, in the City of La Crosse, in said County, on the first Tuesday, being the 3rd day of December, A. D. 1912, at 10 o'clock A. M., the following matter will be heard and considered:

The application of J. G. Jaekel, administrator of the estate of Henrietta Mannstedt, late of the City of La Crosse, in said County of La Crosse, deceased, for the adjustment, settlement and allowance of his final account as such administrator, and for the assignment of the residue of the estate of said deceased to such persons as are entitled to the same.

By order of the Court,
JOHN BRINDLEY,
County Judge.

Attorneys for Administrator.

MINNESOTA IS STILL UNCERTAIN

Wilson Has Slight Early Lead, but Roosevelt Is Coming Strong

ST. PAUL, Minn., Nov. 5.—Returns received mostly from the Twin Cities up to midnight give Wilson a slight lead over Roosevelt in Minnesota, but Duluth and the country towns are giving Roosevelt pluralities in later reports that will probably swing the state to Roosevelt if the trend continues.

Gov. Eberhardt apparently is re-elected, taking with him nearly all the republican state tickets. Only meagre returns have been received on the gubernatorial contest, but they indicated an Eberhardt plurality. Ringdall, in some instances, running far behind the vote given Gray, the democratic nominee, two years ago.

D. D. Daly, vice chairman of the democratic state central committee at midnight declared that Ringdall will be elected by a plurality of 15,000. Collins, progressive nominee is not a factor.

Apparently the only republican state candidates in danger are Secretary of State Schmahl and C. E. Elmquist, candidate for the railroad and warehouse commission, who are in a three-corner fight. Roosevelt is leading Wilson in Ramsey county and is running away from both Wilson and Taft in Duluth on the range.

WOMEN AWAKENED TO ADMIT BURGLAR

MILWAUKEE, Nov. 6.—Aroused from a sound sleep shortly after midnight yesterday, Mrs. Robert Nunnemacher and Miss Anna Schneider, a companion, opened their bedroom door to be confronted by a revolver in the hand of a masked burglar.

Finding nothing of value, the thief threatened the women if they did not give him their money and jewelry. Assured by Mrs. Nunnemacher that there was no money or jewelry in the house, the thief cursed and backed from the room, covering the women with his revolver.

BOY CONFESSES TO STARTING 19 FIRES

MILWAUKEE, Nov. 6.—Clarence Runte, aged 18, 731 Hadley street, arrested at a fire at 490 Eleventh street Monday night, confessed yesterday that he had started nineteen fires and turned in four false alarms in three months. The estimated loss on the fires is \$15,000.

The lad told Chief John T. Jansen that he liked to see fires and the way the firemen worked. He said that he had set fire to three buildings when he was five years of age.

"I understand," said the judge, "that you stole the watch of the doctor who had just written a prescription for you at the free dispensary. What have you to say to this charge?" "Well, your honor," said the prisoner, "it is true, but I found myself in a hole. His prescription said a spoonful every hour, and I had no watch."

These Fish Build Nests.

The Paradise fish, which incidentally is clothed in the prison garment of black and white stripes, and the Indian fighting fish are nest builders. They build nests among the mosses and grasses for their eggs. The male fishes of these species take charge of the babies, and the females have nothing to do with their babies.

Poetical Tip.

Should it be your ambition to write a humorous verse pick out an ancient subject and express in language terse. The editor may reject it if the meter's out of joint, but if you fashion it like this he'll surely see the point.

DIXON PLANS ON THE 1916 CAMPAIGN

Roosevelt Leader Says Bull Moose Are Now in Place of the G. O. P.

NEW YORK, Nov. 6.—Senator Joseph M. Dixon, progressive national chairman issued the following statement at midnight: "The election returns tonight show that more than four million voters have enlisted under the banner of the progressive party. They have enlisted for the war."

"Some of our most enthusiastic leaders had hoped that possibly this might have been '1860. It is evidently '1856."

"The result of yesterday's balloting makes the progressive party the dominant opponent of the democratic party. Today the late republican party becomes the 'third party,' in American politics."

"The realignment of the voters of the nation has become an accomplished fact. We are going forward with our plans to complete our organization for the congressional election two years from this time. I have issued a call for the progressive national committee to meet at Chicago Tuesday, December 10. We have also invited to this meeting all the

state chairmen, the candidates at yesterday's elections, and other prominent progressive leaders. We expect to maintain permanent headquarters during the coming campaign. The fight to drive special privilege from American politics has just begun."

WOULD BUY MONTICELLO.

Monticello, the home of Thomas
Jefferson, will become national
property when congress convenes
in December, if the work of the
Monticello association does not go
for naught.

Similar to the Mt. Vernon asso-
ciation, the members are pledged
to use all their influence toward in-
ducing the present owners of the
property to sell, and then to urge
the members of congress to pass
favorably upon the measure.

Monticello, as everyone knows,
is three miles from Charlottesville,
Va. It is a mountain 580 feet high
and came into the possession of the
Jefferson family by a grant in 1735
and remained in the family until
after the death of Thomas Jeffers-
on, July 4, 1826.

Jefferson's birthplace at Shad-
well, was at the foot of Monticello,
but he chose a site on the top of the
mountain for his future homestead
when he was 21 years of age, and
for 30 years he spent his spare
time there. He was his own archi-
tect, his own landscape gardener,
made his own bricks, wrought his
own nails, constructed his vehicles
and trained his laborers.

During his public career he be-
came financially embarrassed and
when his term of office as president
was over he was obliged to sell part
of his land, and, what was most
precious, his library. After 60 years
of public service he found himself
a poor man, and at one time feared
he would not have even a place of
burial left.

In the succeeding years Monti-
cello has been the Mecca of many
pilgrims, and, because of the inti-
mate association between the home
and the architect, there has grown
up a deep veneration for the birth-
place and the family estate of the
author of the Declaration of Inde-
pendence.

A public subscription saved Jef-
ferson from being utterly homeless
at his death, and he died in the be-
lief that the property had been
saved for his daughter, Martha.
However, the sum raised was not
sufficient, and the property was
sold at auction, only a burial place
being reserved to the descendants
of Thomas Jefferson.

The Monticello association is try-
ing to buy off the heirs of the fam-
ily now in possession of Monticello,
and, when that is assured, monster
petitions will be presented to con-

gress, asking that the property be
made a national home like Mt.
Vernon, the home of Washington.
Surely, the nation cannot afford
to let the memory of Jefferson fade
from the minds of the children,
who have all too few reminders of
the debt the country owes its ear-
liest patriots.

DEFINES WHAT "LABOR" IS.

Some interesting facts concerning
the army of toilers in this country
are given in the World's Work by
Professor Samuel P. Orth, who oc-
cupies the chair of political science
at Cornell university.

Speaking of the relative propor-
tions to be found in the different oc-
cupations, Professor Orth uses statis-
tics showing that of the 29,000,000
persons working in this country 6,-
000,000 are farmers and 4,000,000
are farm laborers, 12,000,000 are
wage earners and salaried employes,
1,500,000 are professional persons,
and about 2,000,000 are employers.

Narrowed down still more, Profes-
sor Orth takes the 12,000,000 wage
earners and states that at least 5,-
000,000 of these are salaried. This
leaves an army of wage earners num-
bering 7,000,000, and these are
working for 200,000 employers. He
mentions the fact that "salaried"
persons frequently receive smaller
wages than mechanics or brick lay-
ers, but they prefer their boiled
shirts and are content with their lot.

He instances the fact, also, that there
is little conflict between the farmer
and his help, so that the labor dis-
putes are confined to a comparatively
small proportion of the popula-
tion.
No attempt is made to belittle the
working man in this article. It is
merely a statement of fact, and
serves to bring out the varying ideas
people have as to what constitutes
labor. No one should be ashamed
of work, and an effort to avoid the
stigma by declaring one's self in a
salaried, instead of a wage earning
position is extremely un-American.
It bears out the contention which an
English noblewoman once expressed
when she said that, so far, her obser-
vation led her to believe that the
American idea of the meaning of the
Declaration of Independence is this:
"I'm just as good as those who
think themselves a great deal better
and a great deal better than those
who think themselves as good."

Every American, in fact, is a wage
worker and a wage earner. The
trouble is that many Americans have
not yet grasped the fact that, in or-
der to be effective, they must also
be co-laborers with others, for mutual
benefit.

Some one has written a column
on "How to prevent automobile ac-
cidents." "Slower and saner driving"
covers the subject quite thoroughly.

Germany has started a war on
Standard Oil, and here is one occa-
sion when Penrose will not be able
to do the Standard Oil any good.

The census shows there are
125,000 idiots in this country, not
including those who smoke cigar-
ettes in telephone booths.

An auctioneer will be the next
lord mayor of London. It evidently
takes a man with a voice to hold
that job.

Joe Cannon's old auto has been
sold in Washington for \$600. All
his machines seem to have gone to
the bad.

Readers of jokes have reason to
rejoice. Market reports say chest-
nuts are to be higher priced this year.

MARSHALL'S STATEMENT

INDIANAPOLIS, Ind., Nov. 6.—
Governor Marshall, assured of his
election to the vice presidency, said
early today:

"The democratic victory of today
will result in a restoration of rep-
resentative government in America
if democratic officials both state
and national, shall constantly main-
tain their executive duty that con-
sists of the insistence upon legisla-
tive compliance with democratic plat-
forms and principles."

VOTING BOOTH BURNS

WAUKESHA, Wis., Nov. 6.—The
Kenyon house, used as a polling
place for the Fifth ward, caught fire
yesterday morning about 7 o'clock
and was nearly destroyed. The fire
started when a spark from a light
came in contact with one of the pat-
ent celluloid windows.

GUARDS AGAINST SMALLPOX

GREEN BAY, Wis., Nov. 6.—On
account of the presence of ten more
cases of smallpox in the city, the
health committee of the city schools
has required that the children at-
tending six schools in the city be vac-
cinated at once.

Quips and Cranks and Wanton Wiles

The Good Old Days
Some fellows talk of the good old
days and wish that they would
come back.

The ancient days of the one-hoss
shays, when there wasn't no
railroad track.
They were short on wealth, but were
long on health and they worked
from morn till night.

'Twas a strenuous game, when they
staked a claim and hustled with
all their might.
For a bit to eat in the way of meat
and a place for to lay their
heads

In the old log shacks full of holes
and cracks, on their back-break-
in' shake-down beds.
Let 'em sing the praise of the good
old days in voices both glad
and free.

But I'm bound to say that the pres-
ent day is quite good enough for
me.

Henry T. Hunt, the young reform
master of Cincinnati, is a Yale man,
and at a recent Yale banquet he told
a story about a mayor of the old
school.

"This mayor," he said, "was as
cynical as he was corrupt. A school-
mate visited him one day, and asked
for a job.
"Well, Joe," the mayor answered
heartily, "the very next job I have to
give away you shall get."
"Joe waited about a year, then he
ventured to call on the mayor again.
"How about that job?" he said re-
proachfully. "You told me a year ago
that I was to get the very next job
you had to give away."
"But I've had none to give away,
Joe, I've sold them all."—Buffalo
Express.

A troupe of wandering musicians
were playing before a Swiss hotel.
At the end of the performance one of
the members left the group, ap-
proach the leader of the band and
pulled out a little paper box, which
he emptied into his left hand while
the eyes of the leader followed every
movement.

He then took a plate in his right
hand, passed it round and a large
sum was collected, every one mean-
while wondering what he held in his
left hand.
"Why, it's very simple," said the
leader when questioned. "We are all
subject to temptation, and to be sure
of the fidelity of our collector he has
to hold five flies in his left hand, and
we count these when he returns, to
make sure of the money."—Tit-Bits.

A Wife Worth Having

Herr Blumenthal, a director of
the Lessing theater in Berlin, once
had great misgivings regarding the
success of his new piece, "Zum Weis-
sen Rosse."

"If I had only 20 marks for every
thousand it will bring you I should
be quite content," said his wife.
"All right, you shall have them,"
replied Herr Blumenthal.
"Zum Weissen Rosse" (White
Horse Inn) met with an immediate
success. Every night the frau direct-
or went to the cashier and levied her
20 marks per thousand.

On one occasion, after the piece
had been running some months, bad
weather caused a falling off in the
receipts below the thousand marks,
and consequently Frau Blumenthal
was not entitled to her 20 marks.

"How much have you taken in?"
she asked the cashier.
"Only 997 marks," was the reply.
"Well, give me a seat at 3 marks,
then," said Frau Blumenthal, laying
down the coin. "Now you have a
thousand marks, give me my 20."
She got them!—London Tit-Bits.

Not to Be Taken Literally

You have heard people say they
"worked like a dog" all day. "If this
were literally true," says the Concor-
dia Press, "the twenty-four hours
would be spent thus: One hour dig-
ging out a rat, two hours gnawing a
bone, one hour waiting for a cat to
come down from a tree, half an hour
begging to get into the house, and
the rest of the time sleeping on a
mat in front of the door fighting
fleas."

One on Father

Brightness personified is little
Johnny Pule. Certain friends of the
family consider him rather pre-co-
cious—but that's quite another story.
At any rate he is the pride of his
father's heart, and Pule, Sr., is in-
variably referring to the youngster as
a "regular chip from the old block."

The other night little Johnny look-
ed up from his stool by the fireside
and ejaculated the query:
"I'm a chip from the old block,
ain't I, father?"

"Yes, my son, indeed you are,"
came the proud reply.

"And you, pa, you're the head of
the family, ain't you?" asked the
simple little lad.

"I am," replied Pule.

"Then," chuckled Johnny triumph-
antly, "you must be a blockhead."

But we will draw a kindly veil
over what followed.—Answers.

Politics and Prayers

The last time "Uncle Joe" Cannon
was asked to make a prophecy regard-
ing the outcome of the November
elections, he threw up his hands in
despair and said he had done with
prophecy, adding that he was
neither a prophet nor the son of a
prophet. His plight, he said, concern-
ing prophecy reminded him of the
old woman and her praying for help
when she was in a runaway.

"I prayed to God till the breechin'
broke," explained this old lady, "and
then I just gin up."—Popular Maga-

Valuable Item for Men

Health and strength hitherto
unknown will be felt surging in
rich red blood through the ar-
teries and veins and life's great-
est ambitions may be realized as
never before, if the following
special treatment is followed by
those men, and women, too, who
are stricken with that most
dreaded of all afflictions, nerv-
ous exhaustion, accompanied with
such symptoms as extreme nerv-
ousness, insomnia, cold extremi-
ties, melancholia, headaches, con-
stipation and dyspepsia, kidney
trouble, dreadful dreams of direful
disasters, timidity in ventur-
ing and a general inability to get
people do. Lack of poise and
equilibrium in men is a constant
source of embarrassment even
when the public least suspects it.
For the benefit of those who
want a restoration to full, bound-
ing health and all the happiness
accompanying it, the following
home treatment is given. It con-
tains no opiates, or habit-forming
drugs whatever. Mix it at home
and on one will be the wiser as to
your affliction.

The treatment is simple, thor-
ough and correct. Leading drug-
gists supply the main tinctures,
extracts and essences in one-
ounce bottles, ready to mix. Get
three ounces syrup sarsaparilla
compound, mix with one ounce
compound fluid balmwort, and
stand two hours. Add one ounce
compound essence cardiol, and
one ounce tincture cadomene
compound (not cardamom).
Shake well and take a teaspoonful
after each meal and one at bed-
time.
The ingredients are used for
various prescriptions.

THE MARRIAGE OF CAPTAIN KETTLE

By C. J. Cutcliffe Hyman.
Copyright The Robbs-Merrill Co.

A deck-hand, who was setting up
funnel stays, turned his head.
"That's the fourth time you ash cats
have been up here messing with the
ventilators this watch. And the
wind's not shifted half a point. Is
it a game?"

"It's a mighty poor game. We're
firing on the sweepsings of the bunk-
ers, and it's horses' work to keep
steam in her."
"Well, it's your job, not mine—
praise the Lord!—but it's struck
me before that your old coffee-
mill's not running her usual rev-
olutions. Just give the chief my
kind dooty, and say I'll be glad if
he'll broach a new bunker and give
you some good hard coal to fire on.
You're blowing all this sludge clean
out of the stack, and it drops on
our decks, and it's up to us to sweep
it into the ditch. You may tell him
to—Whisht! There's the mate."

The fireman stumped off down
steel ladders out of sight, the deck-
hand worked with intense applica-
tion at setting up his funnel stay,
and Mr. Kettle, the Mate, went be-
low to bring up his sextant for the
midday sight. The heat of the en-
gines certainly was slackening. He
wondered why. The reason would
have to be entered up under "dis-
tance run according to engine-room
reckoning," when the chief handed
in his day's report, and even easy-
going Captain Saturday Farnish
could not avoid officially comment-
ing upon it. But it was no affair of
the deck officer's—and Kettle
dropped it from his mind. He was
always a very keen stickler for the
rigid steamer etiquette which states
that the engine-room shall not med-
dle with the deck, and the deck
shall have no truck with the engine
staff except for purely deck pur-
poses.

So the Norman Towers' chief
officer took his sextant from its
box in the rack over his berth, gave
it a rub over with its own piece of
wash-leather—he was a very natty
man about his trade utensils—went
out on deck, and gave a warning
knock at the chart-house door.

"Five minutes to noon, sir."
The elderly second mate, who
couldn't have worked out a sight if
his life had depended on it, was
looking wise over his instrument
and fiddling with the smoked
glasses; the smart, young, school-
bred third was nervously fidgeting
away to make sure the sun did not
play tricks on him by making a
sudden lunge downward before he
brought it to the horizon; and then
out shambled Captain Farnish,
blowsy and slippared, and put up
his sextant also, like the practiced
old man of the sea he was.

All four of them solemnly stared,
working the vernier screws each ac-
cording to his temperament, and
then Farnish went in to his chrono-
meter, and gave out the Greenwich
time. The mates went below to
work out the reckoning (which the
second, by the way, laboriously cop-
ied from Kettle), and in due time
these were handed into the chart
house, and from them Captain
Farnish marked up on the chart
the Norman Towers' position on the
face of the waters. He never work-
ed out the figures for himself. As
he said, he knew a good mate when
he saw one, and it helped a lad on
to give him a bit of responsibility.
And after this it was his custom to
add another ten minutes' sleep to
the short doze he had already en-
joyed, so as to have a quarter of
an hour's rest to the good before din-
ner.

But this day a portent was show-
ing itself that even his easy-going
temperament could not afford to
overlook. The engines had long
since dropped that steady uniform
rub-a-rumble rub-a-rumble which a
steamer's engines should keep up
from port to port (or at any rate,
from soundings to soundings), and
were giving forth that belabored
kick-and-a-cough which one only
hears in narrow waters and crowd-
ed traffic. And even this was
slowing down.

Further, there was obvious trouble
among the engine-room staff.
The slender watches of firemen and
trimmers were bunched on the
fiddle-top; the second and fourth
engineers, both very young men,
both pasty-faced, were standing out-
side the engine-room door in the
port alleyway, openly perturbed,
obviously ignorant of what to do
next.

The second mate discovered it
was his watch below and dived
there like a rabbit; number three
was watch-officer on the bridge;
but Kettle instinctively closed up
on his captain. There was some-
thing in his nature which always
forced him to get close to the
storm-center when trouble was
brewing.

"I don't like it, Mr. Kettle, me
man," Captain Farnish kept on
saying, "I don't like it at all. That
infernal Mr. Little has been at some
of his mad tricks again, and scared
all those ash cats out of their greasy
lives. If I send for the fellow,
and he's one of those lunny fits on
him, he'll preach offensively to me
on the need of fasting, and it'll
mean a row; and if I don't send for
him, he'll be like as not keep us
rolling on here till I do send for
him, and that'll take some explain-
ing at Liverpool; and between you
and me, Mr. Kettle, me man, I'm in
a devil of a fix."

The chief officer said, "Yes, sir,"
which was all he could say. For
any underling to give advice to a
ship's captain unless asked for,
would probably bring about a cy-
clone there and then while the
words were being uttered.

TO ORGANIZE SAFETY BUREAUS FOR ROADS

Notice has been received here that meetings will be held at Austin, Minn., on November 21, and at Madison, S. D., on November 22, for the purpose of organizing committees of safety bureaus for railroad brakemen to instruct them what to do in emergencies that often arise in the railroad business. According to the plan members of these bureaus will be elected by the employees of the railroads. A. W. Smaller will be present to explain all the details of the plan, and all those at the meeting will give their views on the subject.

TAFT IS GLAD TO QUIT HIS JOB

CINCINNATI, O., Nov. 6.—President Taft arose at 8:00 o'clock this morning in better spirits than could be looked for in a man just defeated as a candidate for the highest office in the nation. He showed no sign of depression and good naturedly joked with friends who called on him.

One of these was Fire Marshal Coleman, who said he regretted the president's defeat, but was glad that his retirement would enable him to return to live among his fellow townsmen.

"I'm going to be glad to be back among you," laughed the president, who will re-enter the practice of law in Cincinnati at the end of his term.

The president and his party will leave at 3 p. m. for Washington.

ELECTION BET IS CAUSE OF RIDE

Loser to Pull Man from the North Side to South Side in a Carriage

As a result of a bet which was made on the result of the election of sheriff in this county, Henry Kneebes will have to pull Fred Roth in a carriage from the north side down to Fourth and Main streets and return on Sunday.

Kneebes and Roth, both of the north side, made a wager yesterday on the outcome of the race for sheriff. Kneebes betting on George McDonald while Roth bet that John A. Webber would be the victor. Webber won so Roth wins the bet.

The bet will be paid on Sunday afternoon at 1 o'clock, according to arrangements which were made late this morning instead of the following Sunday as was at first intended. With Roth in a carriage and Kneebes hauling the conveyance the start of the trip over the causeway and to the corner of Fourth and Main streets will be made beginning from in front of the Dew Drop Inn on Rose street. After they have reached Fourth and Main streets the return trip to the north side will be made.

WILSON HAS 399 ELECTORAL VOTES

Nearest Competitor Is Col. Roosevelt with a Total of 112; Taft Has 24

NEW YORK, Nov. 6.—The indicated electoral vote resulting from yesterday's election was tabulated today as follows:

Wilson	399
Roosevelt	112
Taft	20

This vote was divided by states as follows:

Taft—Idaho 4, South Dakota 5, Utah 4, Vermont 4, Wyoming 3.

TAFT WINS WYOMING

CHEYENNE, Wyo., Nov. 6.—Wyoming will cast its votes in the electoral college for Taft. The president has won with a plurality of upwards of 1,000. Wilson is running second and Roosevelt third. Mondell, republican, for congress, has been re-elected. On the United States senatorship the vote will be very close. Democrats and republicans claim a small majority of the legislature on joint ballots.

KANSAS FIGHT CLOSE

COLONEL IS LEADING WILSON BY ONLY 1,500 PLURALITY AND MOOSE STATE SLATE WINS

TOPEKA, Kas., Nov. 6.—According to incomplete returns, Roosevelt today is leading Wilson by about 1,500 plurality in Kansas. Taft is a weak third. The regular republicans have lost two congressmen, Campbell and Rees. The fight is close in the Sixth and Seventh, where democrats may be elected. Victor Murdock, progressive and Jackson, his colleague, are re-elected by enormous pluralities. Arthur Capper,

newspaper editor, republican and progressive, has been elected governor by about 5,000.

Gov. Stubbs, bull moser, running on the republican ticket has received the popular vote for United States senator by two to one.

The suffrage amendment has carried 3 to 1 and will be made a law at the next session of the legislature.

STANDARD OIL BREAKS

NEW YORK, Nov. 6.—A raid on Standard Oil, of Kansas stock, brought disappointment in regard to the recent dividend declaration, was an early market feature today. The stock broke from 370 to 275, rallying later to 292.

SAYS BUSINESS NEED NOT FEAR

Governor Wilson in Statement Issued Today Speaks of His Plans

PRINCETON, N. J., Nov. 3.—President-elect Wilson this afternoon dictated the following statement to the newspaper men:

"The result gives us hope that the thoughtful voters of the nation may now at last unite to give the country freedom and a government released from selfish and arrogant influences, devoted to justice and progress."

"There is absolutely nothing for the honest and enlightened business man of the country to fear. No man whose business is conducted without violations of the rights of free competition and without such private understandings or secret alliances, as violate the principle of our laws and the policy of all wholesome commerce and enterprise, need fear interference from the administration."

"Our hope and purpose is to bring all the free forces of the nation to active and industrial co-operation, and to give to our prosperity a freshness and spirit such it has not had in our time."

"The responsibilities of the past are tremendous but they are common responsibilities which all leaders of action and opinion must share. And with the interference of the people behind us everything that is right is possible."

"My own ambition will be more than satisfied if I may be permitted to be the frank spokesman of the nation's thought in these great matters."

COACHMAN IS SHOT
CHICAGO, Nov. 3.—Wm. Lynch, a coachman, from Helena, Mont., was shot and probably fatally wounded this morning, following an altercation with Matthew Buckner, chauffeur. Lynch was wounded in the abdomen. Buckner was arrested and when taken to the county hospital to be identified by Lynch, broke from the detectives and attempted to jump from a third story window, but was recaptured.

ROOSEVELT GETS MICHIGAN EASILY

40,000 Lead in Wolverine State Over Wilson, with Taft a Poor Third

DEMOCRAT SLATE LOSING

Republican Candidate for Governor Coming Up Fast and May Win

DETROIT, Mich., Nov. 3.—Returns, still very incomplete, put down the lead of Woodbridge N. Ferris, democrat, for governor, and left him with a bare 1,000 plurality in one-third of the state's precincts. Muselman, republican, was coming up fast. Roosevelt continued to hold upwards of 40,000 plurality in the state over Wilson, with Taft a poor third.

W. J. McDonald, progressive, was elected to congress from the upper peninsula district. Two new democratic congressmen were elected, early returns indicated, giving Michigan four democratic representatives in Washington. The makeup of the state legislature was still in doubt, although the election of several progressives endangered William Alden Smith's chances of being re-elected to the United States senate.

Woman suffrage was adopted. The rest of the state ticket is yet to be heard from.

ESCH'S MAJORITY IS MORE THAN 9,000

Congressman John J. Esch was re-elected by a 9,252 majority yesterday according to returns received from the county seats of the counties in the Seventh district today. His majority will probably be about 1,000 more than it was at the last election. He received a majority of 732 in La Crosse county according to the returns received last night and early today. He did not lose one county to his opponent, W. N. Corland of Vilgona.

The Esch majorities as estimated by him, upon returns and estimates received, follows:

Adams county	1,400
Monroe	830
La Crosse	732
Vernon	1,000
Sauk	1,000
Jackson	1,200
Clark	1,000
Juneau	1,000

CORSETS FATAL TO AN IMPERSONATOR

ST. LOUIS, Mo., Nov. 3.—Eight corsets lacing caused the death of Joseph H. Pennella, an actor who died at the city hospital three hours after collapsing on the stage of a vaudeville theater. He had been a female impersonator for many years and lately had been growing stout. Physicians found that in his efforts to present a woman-like figure, he had laced so severely that he had caused fatal injuries to his kidneys.

SOCIETY MEETING

The Young People's society of the Norwegian Lutheran church, corner of Sixth and Division streets, will meet in the church parlors on Thursday evening of this week, in place of Wednesday evening, and will be entertained by the Misses Marie Brendale and Tilde Huse.

A fire in the north end of the north end of Eighth street this afternoon destroyed some hay there but the blaze was soon put out by the fire department before much damage could be done.

RAVNDAL WILL TALK TO BOARD

Consul General at Constantinople to Talk on Trade Relations with Countries of the Orient

Consul General G. Bie Ravndal, who has been visiting his brother-in-law, Rev. H. G. Magelssen, for the last week or two, will deliver an address before the board of trade and business men at the council chamber of the city hall tomorrow evening.

General Ravndal, who has been stationed at Constantinople, Turkey, for several years, will talk about American trade with the Orient. Mr. Ravndal is connected with the international association of civic and business bodies and attended the international congress of commercial associations in Boston recently as a delegate.

He will discuss ways and means of increasing and forwarding the commercial relations between this country and the countries of eastern Europe and Asia, particularly Turkey. He is a much traveled man and has had much experience in commercial bodies and his speech is expected to be of unusual interest to the manufacturers, jobbers and merchants of La Crosse.

The permanent committee on tuberculosis of the Associated charities will also meet at the city hall tomorrow evening but the meeting is set for 7:30 so that the members will have an opportunity to attend the hearing meeting and hear Mr. Ravndal's speech after they finish their own work.

DEMOS JUBILANT OVER ELECTION

Kneen Declares They Made Good Fight and Are Satisfied with the Results

"We fought the best fight there was in us and are satisfied with the results," was the statement of E. J. Kneen, chairman of the democratic county committee today commenting on the democratic victory in the nation, state and county. "It was a clean campaign," he added, "and we have no fault to find."

Jubilant over their victory yesterday, the democrats filled the headquarters and spent several hours gossiping over the returns which told the tale of the defeat of the republicans. Speculation over the state situation was the topic uppermost in the minds of all and although it was generally conceded that Karel was elected some concern was felt over the outcome in the senate.

A new lot of officials will be installed in the county house January 4, 1923. One for every office except that of registrar of deeds which stayed in the care of Andrew Thompson, progressive republican. Bert Jellivette will take the office now occupied by Charles Rawlinson, county clerk; C. C. Hamilton will succeed Russell Smith as clerk of circuit court; while William Garbera will become county treasurer. John Weber will enter the office vacated by Sheriff Chris Burns. George Bradish, republican, remains county surveyor.

YOUNG PEOPLE ENTERTAIN

The Young People's society of the Norwegian Lutheran church, Sixth and Division streets will be entertained at the church parlors Thursday evening by the Misses Tilde Huse and Marie Brendale.

NATHAN EHRLICH IS ACCUSED OF THEFT

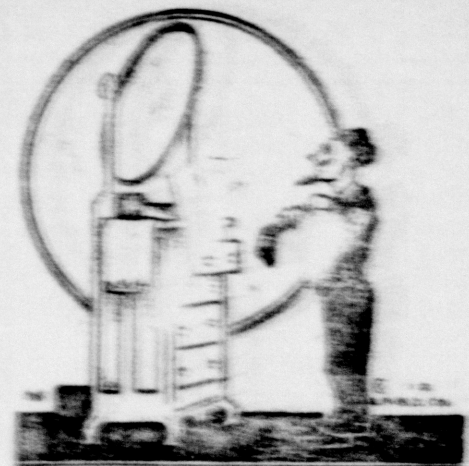

Nathan Ehrlich, 1196 Pine street, was arrested today by the police on a charge of burglary, and will be arraigned in court soon either late today or tomorrow. Young Ehrlich is accused of breaking into the office of the La Crosse Tribune and stealing several blank passes or checks. He is said to have forced the name of H. G. Wadsworth, manager and owner of the theater to the passes and selling them to his friends and acquaintances at prices far below those charged for the passes to which the buyers were admitted. According to the police the thefts have been going on for several months. If Ehrlich is found guilty he may be sent to the penitentiary.

GOETTMANN SPEAKS AT GROCER BANQUET

A. L. Goettmann, general manager of the Listman Mill company, and John C. Toellner, delivered short addresses at the monthly meeting of the La Crosse Grocers' association at Linker Hall last evening. Harry Taggart, secretary of the association, also discussed the benefits and advantages of organization to the trade. The speeches were made after a banquet at which nearly every grocer in the city was present. Besides good things to eat and drink and the talks of the business men the grocers were interested in the election returns which were furnished by Tribune bulletins.

ROOSEVELT SURE OF PENNSYLVANIA

Taft and Wilson Are Running Neck and Neck for the Second Place

PHILADELPHIA, Pa., Nov. 3.—Although returns are not yet complete, every indication points to Col. Roosevelt having carried Pennsylvania. Returns were still coming today from the interior of the state, showing Roosevelt with a comfortable lead, and Taft and Wilson running neck and neck.

The figures now in hand from 4-100 election districts throughout the state, out of a total of 6,985 give Roosevelt 260,296; Taft 241,102 and Wilson 239,496.

KAREL CONCEDED ELECTION BY A 12,000 MAJORITY

(Continued from Page One)

The total vote of Bond in La Crosse was: Taft, 2,907; Wilson, 4,862; Roosevelt, 1,216. For governor: Karel, democrat, 5,043; McGovern, republican, 1,905.

Reilly Wins

BOND DU LAC, Wis., Nov. 3.—Practically complete returns from the sixth congressional district show M. K. Reilly, democrat, elected over J. H. Davidson, republican, by more than 1,000 plurality.

Davidson is now serving his eighth term and is a ranking republican member of the river and harbors committee.

Debs Runs Second

SHEBOYGAN, Wis., Nov. 3.—Eugene V. Debs, socialist, was second to Wilson in Sheboygan city returns complete today as follows: Wilson, 1,352; Debs, 855; Taft, 827; Roosevelt, 748. For governor: Karel, 1,827; McGovern, 1,529. McGovern loses Racine.

RACINE, Wis., Nov. 3.—Complete returns from Racine county are as follows:

For governor: Karel, 2,814; McGovern, 2,725.
For lieutenant governor: Morris, 2,756; Bolens, 2,556.
For secretary of state: Donald, 2,758; Kealy, 2,465.
For state treasurer: Schmidt, 2,648; Johnson, 2,338; a minority.
For attorney general: Owens, 2,777; Kading, 2,577.

Coppers majority, for congressmen, was 609; Everett (republican) for assembly, 259; Kamper defeated Hansen for re-election by four votes.

Entire republican county ticket elected by the following majorities: County clerk: Eyr, 463.
Sheriff: Wherry, 878.
Clerk of court: Trumbull, 748.
District attorney: Storms, 643.
Register of deeds: Bolton, 1,018.
County surveyor: Knight, no opposition.

WILL TEST FOUR WELLS FOR PLANT

A test of the four wells which have been completed in connection with the proposed water plant, will be made by J. Maxwell, engineer, and James T. Day, president of the board of public works, tomorrow. Mr. Maxwell was sent here from Chicago to conduct the test by Alfred and Gordon, the engineering firm which was awarded the contract for the installation of the well system. According to the specifications each well should have a minimum capacity of 100,000 gallons per day. The purpose of the test is to determine the kind of engine which will give the best results. Two engines and two pumps will be used in the test.

TRIBUNE PARTY A HUGE SUCCESS

Throngs Attend Theater Meeting and Listen to Returns Between the "Movies"

The Tribune takes this means of expressing its appreciation of the services rendered by Messrs. William F. Wolfe and Charles E. Schweitzer in presiding at the theater, and of the assistance rendered by Mr. E. M. Wing and his assistants and Chairman Higbee and Kneen, and by all others by whose courtesy we were able to secure and present the election returns at the theater meeting.

Three La Crosse theaters would have been insufficient to accommodate the crowds that sought admission to The Tribune's election party last night. The "S. R. O." sign was posted twenty-five minutes after the advertised hour for opening. The gallery, which had been locked to keep boys and noise out, was opened, and was immediately filled to the limit of safety. Others crowding in were stopped by the police by order of the fire chief, and at every stage of the performance the lobby and walks were crowded with people eager to get inside. Tribune officials regretted the insufficiency of the theater and sought to provide accommodations for a larger number, but the authorities were forced to insist that safety required the exclusion of remaining applicants for admission.

Wilson is Cheered
The returns were read by William F. Wolfe and Charles E. Schweitzer, and were cheered with a great show of interest. A large picture of Governor Wilson, flashed on the moving picture screen, brought the great audience to its feet with an outburst of applause.

The United Press leased wire service was up to the minute, and the operator located on the stage was able to give an interesting running story of the election in state and nation.

Comparisons are Made

Local returns and returns on state senator and congressman were received and compiled in The Tribune office and bulletins showing comparisons with the last election were made and messages to the theater with great rapidity. This work was in charge of Mr. E. M. Wing, assisted by Messrs. J. E. Higbee, Swennes and Froehoff, and by The Tribune staff. Chairman Higbee and Chairman Kneen gave valuable assistance in securing returns in the county.

The moving pictures were displayed during appropriate intervals, and were received with pleasure, the relaxation which they offered relieving the tension that concentration upon a single subject creates.

BOTH HOUSES OF CONGRESS TO BE DEMOCRATIC ALSO

(Continued from Page One)

its democratic governor at the recent election, had swung back into line for the next president and Wilson had the state safely in his grip from the moment the first returns began to make their appearance.

Wilson and Baldwin were named to confire with in Connecticut, the national ticket helping the state and aiding in legislative and congressional gains.

New York showed the tremendous strength of the democratic movement. Wilson had a plurality of 296,991 on the face of the unofficial returns, the vote being Wilson 672,358; Taft, 465,457; Roosevelt, 381,664.

The bitter fight waged by the progressives to wrest second place from the republicans failed. Roosevelt carried New York City, but the straight republican vote up-state was sufficient to save the day for the G. O. P.

William Selmer, the democratic gubernatorial candidate, ran close up to Wilson and the entire democratic state and legislative tickets went through by a very large plurality.

Of the 29 states that elected governors, 17 were won by the democrats.

• The standings of the three candidates now are:

• Taft 88
• If the democrats carry Kansas
• as was State Chairman H. E.
• Martin this afternoon claimed
• in a message to National Chairman
• McCombs, Wilson's total
• will be 427, and Roosevelt will
• drop to 88.

errone, only six—Kansas, Minnesota, New Hampshire, Rhode Island, South Dakota and Wisconsin—elected republicans and the progressives were successful in only one state, Washington. The others went democratic.

House (both Organization
What the effect will be on the republican party was a subject which was generally discussed today. That organization had been returned to third place by the progressives. While the republicans ran second in New York state and so maintained their control of the election machinery, in most of the other states the progressives had jumped into second place, with all that this meant.

There was especially so in the south, where Roosevelt polled from 2 to 5 times as many votes as were cast for Taft.

On November 10, the progressives meet in Chicago for organization. It is expected that Roosevelt will attend the meeting and that the party organization will be put on a permanent basis everywhere.

Meanwhile President Taft, from Cincinnati, has called on the republicans to organize.

The socialists pulled an unusually heavy vote everywhere and in some of the southern states their national candidate, Eugene V. Debs, led President Taft.

Kansas For T. R.

TOPEKA, Kan., Nov. 3.—Here complete returns from Kansas this afternoon show that Roosevelt has a lead of 12,000 and has the state safely in his column. Gov. Stitt, republican, candidate for the United States senate, and the entire republican state ticket will have 20,000 plurality.

125,000 Lead in Ohio

COLUMBUS, O., Nov. 3.—At noon today Democratic State Chairman Findley estimated that Wilson's plurality over Taft would be between 125,000 and 150,000. He said it would not concern himself in trying to figure out Taft's plurality over Roosevelt.

Findley said that Carl's plurality over Brown for governor would be slightly in excess of Wilson's plurality over Taft.

Wilson Sweeps New Mexico

SAN FRANCISCO, CAL., Nov. 3.—Latest reports, incomplete, practically confirm early returns of a sweeping victory for the democrats in New Mexico. The plurality of Wilson and Harvey Ferguson, democratic candidates for governor, will approximate 50,000.

Senator Dixon Beaten

HELENA, Mont., Nov. 3.—Wilson's plurality in Montana will be between 8,000 and 10,000. Walsh, democrat, for senator; Stewart, democrat for governor and the two democratic congressional candidates, Stout and Evans, are all elected. Dixon, progressive for senator, is beaten.

Seaboard Charles Washington

SEATTLE, Wash., Nov. 3.—Washington, early today was one of the safe Roosevelt states. Mr. E. Sayre, a progressive leader, states that probably Roosevelt had carried the state by 40,000 and republican candidate gradually these figures. The race for the governorship, however, with Limer, democrat, in the lead. Gov. M. E. Harg, republican, second, and Robert T. Hoag, progressive, third.

BOISE, Idaho, Nov. 3.—Returns from all parts of Idaho indicate President Taft has carried the state by a plurality of probably 3,000 over Wilson. Despite the fact that there were no Roosevelt electors on the ballot thousands of votes were their names. The gubernatorial contest is very close between Harvey, democrat; Haines, republican, and Martin, progressive. Two senators will be elected by the republican legislature. Borah's sure of re-election.

WANTS EXTRA SESSION

BERMINGHAM, Ala., Nov. 3.—Representative Oscar W. Underwood, democrat, floor leader of the house of representatives, re-elected by the largest vote in his career, urged today that the house convene an extra session beginning next March, immediately to begin the session of democratic pledges.

ELECTION STORY OF THE BULLETINS

Tale of Choice of Governor
Wilson Read from the
Ticker at La Crosse
Theater

NO QUESTION FROM FIRST

Only a Question of How
Many Votes Democrats
Will Have in Elec-
toral College

The bulletins told the story. There was no question after the first meagre returns began to filter in from the east that Governor Woodrow Wilson, democratic candidate, was the choice of the nation for president. Maine, Massachusetts, and other republican strongholds in the east went heavily for the democrat. Such another landslide has never been witnessed in the United States. The successive decisive bulletins that showed how the vote was going follow in the order of their reception and tell plainer than any explanation how the voters of the country thought. Here they are:

LOS ANGELES, Nov. 5.—5:30 P. M.—Secretary McGilchick of the republican county committee at 5:30 P. M. claimed Los Angeles county for Roosevelt by 25,000.

PORTLAND, Ore., 6 P. M.—Early predictions are that Wilson will carry Oregon by 15,000 with Roosevelt second, and Taft a poor third. It is a neck race between Bourne, independent and Zelling, republican, for senator. Suffrage will probably carry by a small majority.

SANTA FE, N. M., 6:30 P. M.—Estimates based on scattering returns an hour after the polls closed indicated Wilson and Ferguson, democrat candidate for congress, had carried the state. Heavy voting in southern counties favored the democrats.

CHICAGO, 7:45.—State Chairman Wm. L. O'Connell at democratic headquarters issued a statement at 7:45 o'clock in which he claimed the state of Illinois for Dunne, democratic, by 115,000. The down state counties, he said, would give him 35,000 plurality. He made no claim for Wilson in Illinois.

CHICAGO, 8 P. M.—Returns at 8 o'clock indicate that Roosevelt will carry the state of Illinois by nearly 85,000. Remaining results are of same ratio of those in at that time.

CHICAGO, 8:15.—In the city 529 precincts out of 1,364 gave Roosevelt 62,704; Wilson 47,370; Taft 27,711; Debs 20,914. Outside of Cook county 99 Illinois precincts give Roosevelt 10,944; Wilson 7,060; Taft 6,340.

ELKHART LAKE, Wis., 8:20 P. M.—Complete returns give Wilson 88; Taft, 22; Roosevelt, 8.

For governor: Karel 96; McGovern 27.

NEW YORK, 8:25 P. M.—Senator Dixon after a conference with Geo. W. Perkins said: "Roosevelt has a good chance to win."

Dixon denied his earlier concession of the eastern state to Wilson, saying that he had only conceded New York and Massachusetts.

NEW YORK, 8:30 P. M.—National chairman McCombs at democratic headquarters conceded at 8:15 o'clock that Roosevelt had probably carried Illinois.

NEW HAVEN, Conn., 8:35 P. M.—Returns from 16 towns and cities give Wilson 21,876; Taft 18,825; Roosevelt 9,832.

PHILADELPHIA, 8:40 P. M.—U. S. Senator Penrose conceded the election of Gov. Wilson irrespective of the result in Pennsylvania.

NEW YORK, 8:50 P. M.—Based on returns available at 8:25 the indications are that the Wilson plurality in greater New York will be 117,290. Wilson has carried every borough in the greater city. The estimated plurality is: Manhattan and the Bronx 70,000; Kings 39,000; Queens 7,500; Richmond 5,500.

NEW ORLEANS, 9 P. M.—Early indications are that Wilson has swept La. by 65,000 majority. The total vote cast is about 90,000. Taft will probably get less than 5,000 and Roosevelt total will be about 20,000. The progressives polled a big vote in New Orleans.

OMAHA, 9:10 P. M.—Wilson has probably carried the county containing Omaha and Lancaster county, containing Lincoln. Both are normally republican.

WOMEN'S SUFFRAGE DEFEATED HEAVILY

Women's suffrage was defeated in La Crosse county by a vote of more than 2 to 1. The results in the precincts heard from was: For suffrage, 2,077; against suffrage, 4,565. The indication is that it has been decisively defeated in Wisconsin. Three other states were voting on suffrage, Arizona, Michigan and Oregon. All three carried it by safe majorities.

WIFE'S PEOPLE FOR WILSON

AUGUSTA, Ga., Nov. 6.—Chatham county, where Governor Wilson's wife was born, and where he first met her, gave him 2,500 plurality. The county chairman sent Wilson a telegram that the county had not forgotten him.

MARSHALL TICKLED

INDIANAPOLIS, Nov. 6.—Governor Marshall received the election returns from the United Press at his office. Early bulletins made certain a democratic victory. The governor smiled but refused to comment.

CASTORIA For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. H. H. H.*

M.—Available early returns gave Wilson an enormous lead for president in Wisconsin, with Taft running second and Roosevelt a poor third. Karel, democrat, was running ahead of McGovern, republican incumbent for governor.

Returns from the eleven congressional districts indicated the election of eight republicans, one socialist (V. L. Berger), and one democrat, with one democrat-republican contest in doubt.

SALT LAKE, Utah, 10:40 P. M.—The first precincts counted in Salt Lake showed Roosevelt 177; Taft 170; Wilson 132; Debs 99. It is not believed Roosevelt's lead in Salt Lake county will be sufficient to defeat Taft in the state.

RICHMOND, Va., Nov. 5, 9:16 P. M.—Wilson's plurality will exceed 40,000.

NEW HAVEN, Conn., Nov. 5, 9:20 P. M.—The democratic state committee claims Connecticut for Governor Wilson by 25,000.

BIRMINGHAM, Ala., Nov. 5, 9:50 P. M.—With an indicated total vote of 105,000 throughout the state, Wilson has apparently polled 75,000 votes.

CINCINNATI, O., Nov. 5, 9:35 P. M.—The early returns from Cincinnati precincts show that there was a large falling off in the vote. The first three precincts which reported, however, indicate that Wilson will carry the county by more than 17,000.

NEW YORK, Nov. 5, 9:37 P. M.—Democratic National Chairman McCombs at 9:30 issued the following statement:

"Our victory is now complete. Returns are coming so fast we can't keep track of them. Wilson has Massachusetts, New York, Maryland, New Jersey, Delaware and the entire south. We have no decided returns from Illinois. Roosevelt seems ahead in Cook county, but Wilson leads him in the state almost two to one. Penrose has conceded us Pennsylvania. I believe we will carry both states.

"We have carried New York by a tremendous majority. National Committeeman King wires me that we have carried Oregon by 10,000 on our state ticket and have the legislature. I have reports to date from states in the west indicating handsome margins for Wilson everywhere.

"We have Minnesota by 25,000."

PORTLAND, Me., 9:38.—Returns available up to 9 p. m. show a republican loss of 54 per cent and a democratic gain of 42 per cent in the state. 140 out of 500 towns reporting give Taft 14,304; Wilson 24,818; Roosevelt, 20,508.

COLUMBUS, O., 9:40.—Ohio returns were still very fragmentary at 9:30. The known results are that Wilson has received an overwhelming plurality; that Congressman Cox, and the entire democratic ticket have

been elected, and democrats have probably elected 18 or more congressmen out of 22. Available figures at this hour show that in 52 precincts out of a total of 5,265; Taft has 3,485; Roosevelt, 1,178, and Wilson, 2,795.

CINCINNATI, 9:45.—The first 18 precincts in Hamilton county indicate that Wilson and the entire democratic state legislature and county ticket will carry the county by approximately 12,000.

The total in the 15 precincts give Wilson 713; Taft 1030; Roosevelt, 207. For governor, Fox, 766; Garford 177.

HARRISBURG, Pa., 10 P. M.—Progressive leaders claim the state for Roosevelt by 100,000. Democratic Chairman Guthrie while giving out no figures insist the count will show Wilson in the lead. Eleven out of 345 Pittsburgh districts reported here give Taft 347; Wilson 456; Roosevelt 479; Debs 156.

MILWAUKEE, Wis., 10:05 P. M.—At 10 p. m. it was announced that Wilson had carried Milwaukee city and county by an overwhelming plurality as also had Karel, democratic, for governor over McGovern, republican incumbent. Accurate figures were not available due to a mix-up on the tabulation of woman suffrage ballots.

Suffrage at that hour was probable of defeat outside the city and county. Seventy-three precincts of the state gave Wilson 5,371; Taft 4,973 and Roosevelt, 1,915. Thirty-six precincts gave Karel 3,082 over McGovern, 2,377. Estimates place Wilson's plurality at 35,000 with Taft second and Roosevelt third.

NEW YORK, 10:10 P. M.—Returns from 1176 of the 1730 election districts in Greater New York show Taft 119,363; Wilson 294,111; Roosevelt 174,792.

TRENTON, N. J., 10:15 P. M.—Gov. Wilson has carried his home state of New Jersey by 16,000 plurality. Indications are that the democrats have carried through their legislative ticket, insuring the election to the senate of former Congressman Hughes of Patterson. Democratic congressional gains are also claimed.

DES MOINES, Iowa, 10:20 P. M.—316 Precincts in the city give Taft 2,303; Wilson, 3,583; Roosevelt, 3,967. For governor: Clarke, rep., 4,253; Dunn, dem., 2,584; Stevens, prog., 1,928.

Returns from other Iowa cities indicate Roosevelt winning in the towns, but scattered country returns show Wilson in the lead, making it a close race between Roosevelt and Wilson. Clarke, rep., for governor, is running ahead and probably the republican state ticket is elected whether Roosevelt wins or not.

TOPEKA, Kas., 10:25 P. M.—Returns from 616 precincts out of 2,300 in Kansas indicate Roosevelt is running ahead of Wilson. If the same ratio is maintained, Roosevelt plu-

rality will be approximately 30,000. Same precincts gave Taft 2556; Bryan, 2132 in 1908.

NEW YORK, 10:30 P. M.—A special to the Herald from Portland, Oregon, says that the state has been carried by Wilson by 15,000.

BIRMINGHAM, 10:35 P. M.—Os-car W. Underwood's re-election to the house will be by almost unanimous vote.

TOPEKA, 10:45 P. M.—The first ballots counted in the country precincts of Kansas showed a two to one vote for Roosevelt. The republican state ticket was leading.

SIoux FALLS, S. D., 10:50 P. M.—Returns from the state continue coming in slowly. Reports thus far indicate Roosevelt has carried the state.

NEW YORK, 1:05 P. M.—At 11 o'clock the only question seemed to be how much the Wilson plurality in the electoral college would be.

Returns at that hour indicated a Wilson victory in Maine, Massachusetts, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, Florida, Louisiana, Arkansas, Texas, Mississippi, Ohio, Indiana and Nevada.

RACINE, Wis., 11:45 P. M.—City of Racine: Wilson 2175; Taft 1,451; Roosevelt 854.

Governor: Karel 3248; McGovern 2250. Entire republican county ticket elected.

Everett (republican) elected in First assembly district and Hamata (democratic) in Second district, elected.

MILWAUKEE, Nov. 5, 11:10 P. M.—Returns at 1 p. m. indicated that Congressman Victor L. Berger, socialist, will be defeated for re-election in the Fifth Milwaukee congressional district. His early lead dropped far behind the count of W. H. Stafford, fusion-democratic candidate. W. J. Cary, fusion-democratic candidate for congress in the Fourth district, has defeated W. R. Gaylord, socialist.

CONCORD, N. H., Nov. 5, 11:15 P. M.—With 95 per cent of normal vote in, Taft carried the state by 10,000, with Roosevelt second, and Wilson third. Places remaining to be heard from cannot change the vote.

LOS ANGELES, Cal., Nov. 5, 11:20 P. M.—272 precincts out of 465 incomplete, Los Angeles city gave Roosevelt 14,465; Wilson, 9,978; Debs, 983; Taft, 389. This indicates that earlier returns were from Wilson precincts.

SAN FRANCISCO, Nov. 5, 11:25 P. M.—San Francisco Bulletin, (pro-Roosevelt) concedes the city to Wilson by 20,000. This may mean Roosevelt's defeat in California.

NEW YORK, Nov. 5, 11:30 P. M.—The next house of representatives will stand 293 democrats, 127 republicans, 14 progressives and one socialist, according to figures compiled at democratic headquarters. Col. Roosevelt telephoned friends at the Union League club that the progressive party had annihilated the republican party in the nation and state.

FARGO, N. D., 12 P. M.—189 scattering precincts in North Dakota give Wilson, 4,361; Roosevelt, 3,343; Taft, 3,161.

167 precincts in state give Hanna (republican) for governor 7,484; Hellstrom, 3,477; Sweet, 971.

Returns from country slow. Indications are that Wilson will carry state by 10,000 majority. No congressional returns yet.

DENVER, Colo., Nov. 5, 11:50 P. M.—Indications at 10 o'clock were that Wilson had carried Colorado, that a democratic legislature had been returned, that all four democratic congressmen had been elected, and John Shafroth and Charles S. Thomas, democrats, would be elected to the United States senate.

NEW YORK, Nov. 5, 11:35 P. M.—At 11 o'clock State Chairman Palmer said that returns received by him at that hour showed that the Wilson plurality in New York state would exceed 225,000, and that William Sulzer has been elected governor by more than that.

ALBUQUERQUE, N. M., Nov. 5,

11:36 P. M.—Early returns indicate that Wilson will carry the state, leading Roosevelt 2 to 1, with Taft a distant third.

EBERHART ROOTS FOR WILSON

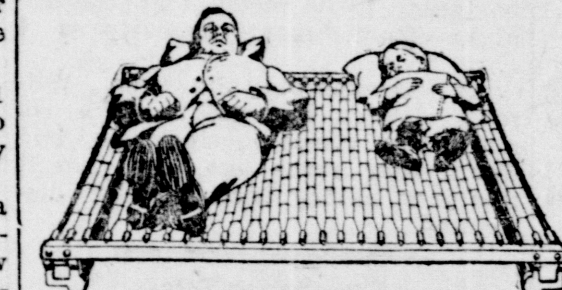

ST. PAUL, Minn., Nov. 6.—Governor Eberhart (republican) walked into republican headquarters at 8:30 last night and shouted "Hurrah for Wilson."

RECORD SNOWED UNDER
HOBOKEN, Nov. 6.—George L. Record, noted progressive leader,

was snowed under in his attempts to secure election to congress. Congressman Hammill, democrat, defeated him 2 to 1 and the democrats carried Hudson county 28,000 over Roosevelt with Taft third.

CONGRESSMAN INJURED

ALBUQUERQUE, N. M., Nov. 6.—Word reached here at midnight that George Curry, member of congress, was fatally injured late last night in an automobile accident near Almaragodo, in Otero county. No details of the accident have been received.

**A
Wonderful
Spring**

WE never saw anything just like the "Way" Sagless Spring. It has many of the qualities of the most expensive box spring but sells at the price of an ordinary article.

It never sags or bags. It never doubles you up like a jack-knife. It never bumps you on the bed slats. It never rolls the occupants toward the center of the bed. It never creaks, and groans, and rattles when you turn over.

To prove all this we will send one to your home for 30 nights free trial. The Manufacturer's guarantee, as well as ours, gives you absolute protection. If it sags within 25 years the Manufacturers agree to furnish a new fabric free.

Price only \$7.00

Think of it—more than nine thousand nights of luxurious ease guaranteed. No risk—no worry—no expense—it's all comfort. The very first time you go shopping, drop in and we will tell you more about it.

WILSON SERENADED BY TOWNSPEOPLE

PRINCETON, N. J., Nov. 5.—Serenaded by Princeton students and town's-people, who swarmed down to congratulate him on his election to the presidency, Governor Woodrow Wilson, standing on a chair on his front porch, said: "I myself have no feeling of triumph tonight. I have a feeling of solemn responsibility. I know that a great task lies ahead of the men associated with me and ahead of myself; therefore I look upon you with the plea that with your best purposes, your purest impulses, you will stand behind me and support the men of the new administration."

I believe very heartily that a great cause has triumphed, that the American people know what they want and when they know what they want they have the men and the purpose to attain it."

KELLOGG NOT SURPRISED.

ST. PAUL, Minn., Nov. 5.—F. B. Kellogg, trust buster and Roosevelt supporter, let out a deep, dark secret tonight.

"I've known all along Wilson would be elected," he said. The former government attorney received the news of the apparent Wilson victory with a characteristic smile.

"I haven't any statement to make," he said, "it's looked like Wilson to

me for some time. I believe everybody, that is, everybody who has eyes open, has seen that it is a democratic year."

Mr. Kellogg did not look as if he thought the country is going to the dogs. He asked about North Dakota and Indiana and expressed no surprise when told of the Wilson near-landslide in the latter state.

MORRIS MAY WIN

Tom Morris, for Lieutenant governor, ran slightly ahead of Governor McGovern 3,589, Morris having 26 votes the better of it. In some sections of the state Morris is much stronger than McGovern, and it is presumed that if the governor wins Morris is safe.

DEMOCRATS NAB COURTHOUSE JOBS

Andrew Thompson and Geo. Bradish are Only Survivors of Party Wreck

SCHLABACH RUNS CLOSE

Defeated for District Attorney by Majority of 76 Votes by Sid Law

The fall went with the hide as far as La Crosse county is concerned and Andrew Thompson and George Bradish are the only republicans left to tell the story. The race was so close that the result was in doubt to the very last minute. It went one way first, then the others were in the lead and it was only after the city of Onalaska, the last precincts to report, came in that all were certain that the democrats had carried the county. It is the first democratic victory in the memory of the oldest inhabitant and the candidates and leaders of that party are making up for lost time in their celebration.

The closest race on the entire ticket was that between Sid Law and Otto Schlabach. Sid Law won by the slight margin of 76 votes. Bert Jollivette defeated Charles Rawlinson, who has been county clerk for sixteen years by a majority of 369. It was perhaps the biggest surprise in the whole election. Frank Aiken's ambition to become county treasurer was thwarted by the 200 majority of Garbers. William Ristow, the independent candidate for sheriff polled slightly more votes than Weber's majority over McDonald. Ristow received 256 votes while Weber had 187 votes more than McDonald. The three cornered race undoubtedly affected the result.

Russell Smith loses the office of clerk of circuit court to C. C. Hamilton by 472 margin while Judge Langstad defeated Judge Kleber for Coroner by 172 majority. Andrew Thompson slid back into office over the opposition of Shove by the narrow margin of 147 while Jarvis failed to connect with the job of surveyor now held by George Bradish by 153 votes.

The social democratic party voted straight ticket and polled 287 votes, a considerable loss over that of last election. The prohibition party exhibited voting strength of 108. The long and earnest campaign waged by the women evidently did not meet with great popular approval in the county, the equal suffrage amendment being defeated more than 2 to 1.

COUNTY IS WILSON'S ALMOST TWO TO ONE

La Crosse county gave its presidential vote to Governor Wilson, the strength of his landslide having carried enough votes on local issues to defeat McConnell and the county ticket. The presidential vote is as follows:

Wilson, 4,238.
Taft, 2,297.
T. R., 918.
Debs, 287.
Drys, 108.

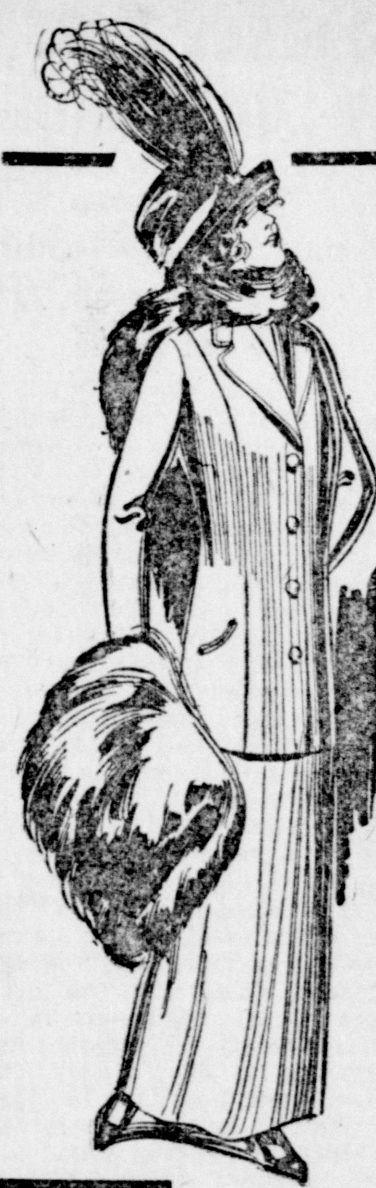

In 1908 La Crosse county gave Taft 4,382, Bryan 4,054, but this is far short of the normal republican presidential vote, which in years farther back has approximated 1,200 majority.

Waste.

Sir Archibald Gelkie used to tell a story of a Scotchman, who much against his own will, was persuaded to take a holiday. He went to Egypt and visited the pyramids. After gazing for some time at the Great pyramid he muttered: "Man, what a lot of mason work not to be bringin' in any rent!"

Difficult Order.

Father (sternly)—"You keep your mouth shut and eat your dinner."

SPOTLIGHTS

If the producing manager knew what the theater going public want, there would be fewer failures and poor shows; but as he is invariably the last person who really knows what they want and when by some freak of fortune he does give them what they want, it is said, "he has produced a success." When the fact is taken into consideration that in a theatrical year there will be fewer than ten real successes, the word success takes on a new meaning. "The House of a Thousand Candles," the play billed to appear at the La Crosse Theater on Sunday, Nov. 10, matinee and night, can truly be called a success, as it was first produced four seasons ago, at the Hackett Theater, New York, where it ran for a solid year, and has been before the public ever since. Everywhere it has met with success. The play is from Meredith Nicholson's novel by the same name, and done into play form by Geo. Middleton. Mr. Primrose, the producer, has secured a complete scenic equipment and an excellent cast.

May Robson is an actress of exceptional ability and in her new play, "A Night Out," of which she is co-author, she has every opportunity to develop that fund of clean-cut humor and that world of brilliant and thrilling pathos which has made her famous. It is a rare quality and but few actresses possess it to a convincing degree. She will impersonate a young-old woman, broad-minded, free from affectation and possessing a keen sense of humor, nothing absurd or ridiculous escapes her attention, and being fond of excitement as a mild stimulant, she persuades her two grandsons whom she adores, into all sorts of extravagance, and a visit to a restaurant of shady character, for a dinner, is the climax of her adventure. Of course Gramnum, as she is called by the family, is not aware of the character of the place, and complacently waits for a rather elaborate dinner. Presently, however, the police raid the restaurant and all is excitement with a nervous desire to be somewhere else in a hurry. Gramnum is hustled into the street, not politely but vigorously, hence her disheveled appearance later. Arriving home they find the house in darkness and the doors locked, and the only means of entering the house is by climbing up the ivy in front of the house to an open window. This is done by Gramnum and the boys. This adventure leads to an explanation. The boys are ambiguous and Gramnum sustains them. Following this incident, comes the distressing report that a bond has been taken from Gramnum's locker in the safety deposit vault, and a detective is immediately put on the case. The arrival of the policeman with a brooch belonging to Gramnum that she lost in the restaurant during the excitement, produces consternation and a very mild humorous situation. From this juncture the story moves rapidly, in which the love and devotion of the young people is sustained by the influence of the jolly, whole-souled Gramnum. La Crosse Theater Tuesday, Nov. 12.

Simple Club Doings.

While Mrs. W. was busy in her kitchen preparing the light refreshments for her bridge club, which includes the more well-to-do of the neighboring county, Sally Hill, a poor farmer's child, came in with a donation of home-made pickles. "My mother belongs to a club, too," said Sally. "Does she? And what do they do? Play cards?" "No." "Sew?" "Oh, no; they just draw names out of a hat to see who'll have the next meeting."

Beauty in Expression.

If the great number of women who believe that they are sadly lacking in beauty who pass valuable time and money in vainly trying to acquire it could but be brought to realize that the highest form of beauty is that of expression! This is attained by the possession of inward graces, which frequently transform a so-called plain face into one more beautiful and winning than the combination of a perfect complexion and regular features.

THE SURROUNDING COUNTIES SAFE

Go for Wilson but Give Esch and McGovern Good Majorities is the Report

WHITEHALL, Wis., Nov. 6.—Trempealeau county gives Bosshard for senator a safe lead, 20 out of 23 precincts giving him about 600 over Davis. The same precincts give Esch a majority of 600. The vote on president is Taft, 1,592; Wilson, 1,118; Roosevelt, 652.

Sauk county, 11 precincts out of 40, gives Esch 621, Coffland 385.

Twenty-two out of 36 precincts in Monroe county give Esch for congress 1,957. Coffland 1,228. Esch's majority is 729. The same precincts give Wilson 1,535, Taft 1,330, Roosevelt 500. These precincts give McGovern a majority of 115 over Karel.

Wilson and Karel are leading in the city of Tomah, and Esch has a 2 to 1 lead. Wilson and McGovern have a fair lead in Scott county.

The town of Hamburg in Vernon county, lived up to its reputation. It gave Taft 94, Roosevelt 26 and Wilson 24. However, it went for women's suffrage 71 to 64.

Many theories refuse to work; also many theorists.

COLONEL CARRIES CITY OF ST. PAUL

Small Lead for Roosevelt in Capital of Gopher State; Eberhardt Ahead

ST. PAUL, Minn., Nov. 5.—If the present ratio is maintained, Roosevelt has carried the city of St. Paul by a small plurality. Eberhardt has a safe lead in the city for governor, while Stevens is well in the front for congress. Rogan is running second and Halbert third in the congressional fight. Few of the Chicago and Washington county precincts are in.

In the city of St. Paul the sixth precinct of the Sixth ward was the first to report. This gave Wilson 42, Roosevelt 14 and Taft 12. The fifth precinct of the Second ward was next with 56 for Roosevelt, 45 for Wilson and 17 for Taft. Five more precincts coming immediately following gave a total of 409 for Wilson, 313 for Roosevelt, and 132 for Taft.

For governor Eberhardt is running well in the lead. Congressman Stevens maintains a plurality over his two opponents.

A secret ceases to be a secret when it becomes a partnership affair.

YOU CAN CURE AN OLD SORE BUT NOT WITH SALVES

Every old sore can be cured unless it be of a malignant cancerous nature. But no chronic ulcer can be cured by the application of salves or other external treatment. You must get down to the origin and cause before you can produce curative effects. Bad blood is responsible for old sores and the one certain cure therefore is a thorough purification and rebuilding of the circulation. As long as impurities are left in the blood they will be deposited into the ulcer to keep up the inflammation and irritation and nature can make no progress toward healing the place. Nothing is so sure to produce a cure of old sores as S. S. S. This is nature's perfect blood remedy, composed of the most healing and at the same time the most penetrating and blood-purifying properties. It removes every particle of morbid matter from the circulation and assists nature to increase the healthful, nutritious corpuscles of the blood. S. S. S. makes pure blood and pure blood is nature's unfailing cure for old sores. Book on Sores and Ulcers and any medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

M'CONNEL LOST BY LOCAL GRUDGE

Able Congressman Pays
Penalty Of Offending
Certain Interests On
Local Issue

The only change in the legislative representative from this section is the defeat of J. E. McConnell by C. L. Hood in the first assembly district. This district is all in the city, and contains a number of union labor wards which might have been expected to go heavily for McConnell, owing to his activity in favor of labor legislation. His defeat is attributed to local issues not thus far identified with state legislation. The district gave McConnell 1,810, Hood 1,918. This defeat deprives La Crosse county of the speakership.

The second district returns E. J. Kneen by a reduced majority. He polled 1,808 votes as against 1,753 for Frank Strupp. The fact that it is an agricultural district, and Mr. Strupp is a farmer, militated against Mr. Kneen, as did also the fact that he was county chairman, an office calculated to divorce personal friends and draw party lines closely. The indication is also seen that Mr. Kneen's frank position in the primary did not help him in a political way.

Otto Bosshard defeats Dick Davis for the state senate. Mr. Bosshard lost La Crosse county by 21 votes, polling 3,640 to 3,661 for Dick Davis, his opponent. However, Mr. Bosshard secured a majority of about 600 votes in Trempealeau county, and is at least that much in the lead. As in the case of Mr. McConnell, local issues not germane to the campaign cut a considerable figure.

La Crosse county gave Hon. John J. Esch 4,933 votes, as compared with 3,290 for Coffland, his opponent. This 733 majority goes to swell a fine majority rolled up for Mr. Esch in the district.

dent's brother, Charles P. Taft, and his wife, received returns last evening at Charles P. Taft's home. Taft showed no depression over the unfavorable aspects. The president refused to make any comment on the figures which indicated that the people had refused to return him.

MRS. TAFT NOT SURPRISED

NEW YORK, Nov. 6.—Mrs. Taft and Miss Helen Taft with a party of friends listened to the election returns on the 11th floor of the Manhattan hotel. Both were in a pleasant humor and seemed to take the result as a matter of course. Neither Mrs. Taft or Miss Taft would comment on the outcome.

TAFT NOT BOTHERED

CINCINNATI, Nov. 6.—President Taft and Mrs. Taft and the presi-

didate, is a warning that their propaganda in favor of fundamental changes in our constitutional government has favorable support. While the experiment of a change in the tariff is being carried out by the democratic administration, it behooves republicans to gather again to the party standard and pledge anew their faith in their party principles and to organize again to defend the constitutional government handed down to us by our fathers.

PRESIDENT TAFT ISSUES STATEMENT

CINCINNATI, Nov. 5.—The following statement was issued by President Taft this evening at the home of Charles P. Taft:

"The returns insure the victory to Mr. Wilson. This means an early change in the economic policy of the government in reference to the tariff. If this change can be made without halting prosperity, I sincerely hope it may be. The vote for Mr. Roosevelt, the third party candidate, and for Mr. Debs, the socialist can-

WHAT DOES "HE" MEAN? IS ASKED

Dunn Raises Interesting
Question in Event that
Equal Suffrage
Carries

(By Moncena Dunn)

An old saw says "Any fool can ask questions that takes a wise man to answer." I am going to ask one that ought to have been asked before election. The reason I did not ask it before election is because I did not wish to do any thing that would detract from the number of votes that the equal suffrage amendment would get. I want it to pass. I hope when the votes are counted the result will show that the next votes that are counted will take twice as long to count. I want to see this because it will make more demand for a business-like method of balloting and conducting elections that will be faster, safer, more simple and exact.

My question is this: In case the votes for women amendment is carried then what offices will women be eligible to? In case the right to vote is given to women in Wisconsin, will a woman be eligible to the commandery of the United States army? She will if she can be president. Will she be eligible to the commandery of the state militia? She will if she has a right to be elected governor. Will she have a right to be a member of the United States congress? Can she hold the office of member of the state legislature, and other state offices or county offices? Will she be eligible to the appointive offices? Can she legally become a policeman?

Revision Needed

You say you don't know? I venture to suppose that not one voter out of ten thousand knows. Still this important question is to be settled tonight by such votes. Let us see what the constitutions of the state and nation have to say about it. As a result you may conclude that we will need a revision of the constitution if this new steps is to be taken. It seems to me that a revision will be necessary regardless of which way the question is decided—simply to get that naughty word "He" out of it whenever it speaks concerning the powers and duties of the governor or other officers: "He shall have power to convene the legislature" and to such an extent that the whole document is literally full of that awful word "He," and "she" is entirely wanting.

Section 2 of article V of the state constitution says "No person except a citizen of the United States, and a qualified elector of the state shall be eligible to the office of governor or lieutenant governor."

Section 3 of the same article says: "The governor and lieutenant governor shall be elected by the qualified electors of the state, at the times and places of choosing members of the legislature. The persons respectively having the largest number of votes for governor and lieutenant governor shall be elected."

Nothing said there about "He," it is clear and straight as the narrow way. But in section 6 of article IV, it says:

"No person shall be eligible to the legislature, who shall not have resided one year within the state, and be a qualified elector in the district which he may be chosen to represent." There is that misleading word "HE." You will find it in the constitution of the United States where it prescribes the qualifications of a member of congress and it is the only thing you can find which will in any manner stand in the path of woman saying she has no right to hold these offices.

"He" Means "She"

But it is urged that when the word "HE" is used in the law it means both HE and SHE. There is much warrant for this because in all places in the bill of rights the word "his" and "himself" are used where women must also be included. For instance: The first line of the state constitution after the preamble makes the declaration that: "All men are born equally free and independent, and have certain inherent rights."

In section 18 of the same bill of rights it says: "The right of every man to worship Almighty God according to the dictates of his own conscience, shall never be infringed, etc." Of course this means women also.

So far it would seem that we had made out almost a clear case in favor of women holding any and all offices under the government, even to president of the United States, because who shall say no if the state of Wisconsin should pick a woman to represent her in congress or as a candidate for president, so long as we have no distinction to make ourselves.

There is nothing to prevent it except that little word "HE."

But let us look at it from a little different angle. Suppose the question is raised and it will be raised if women get the ballot—then there will be something at stake. If the courts decide it in favor of women, people will say that any old thing desirable can be read out of the constitution. If they say that HE means she then why not say that black means white, daylight means darkness, right means wrong? It seems to me that it would hardly be safe to go that far in adverse translation of the fundamental law of the land, for fear of the effect it would have on the confidence of the common people in the justice and integrity of courts.

Blanket Amendment

In a construction of a law the intention of the framers of that law becomes the main question for consideration. Can it be said that the framers of the constitution of the United States or the framers of the

constitution of the state of Wisconsin intended to confer these rights upon women when they used the words HE, HIM and MAN always, and never for once said SHE, HER or WOMAN. And when in defining what an elector should be they expressly said MALE PERSON?

It may be contended that this amendment reaches back over the whole text of the constitution and becomes a blanket amendment to that extent but this will not be accepted. It looks like a constitutional convention to revise the whole document and completely obliterate that awful naughty word HE.

JOHNSON WON'T TALK.

Now for the deep pleasure of close association in the great work of national service.—Woodrow Wilson."

MADISON, Wis., Nov. 6.—The University of Wisconsin high

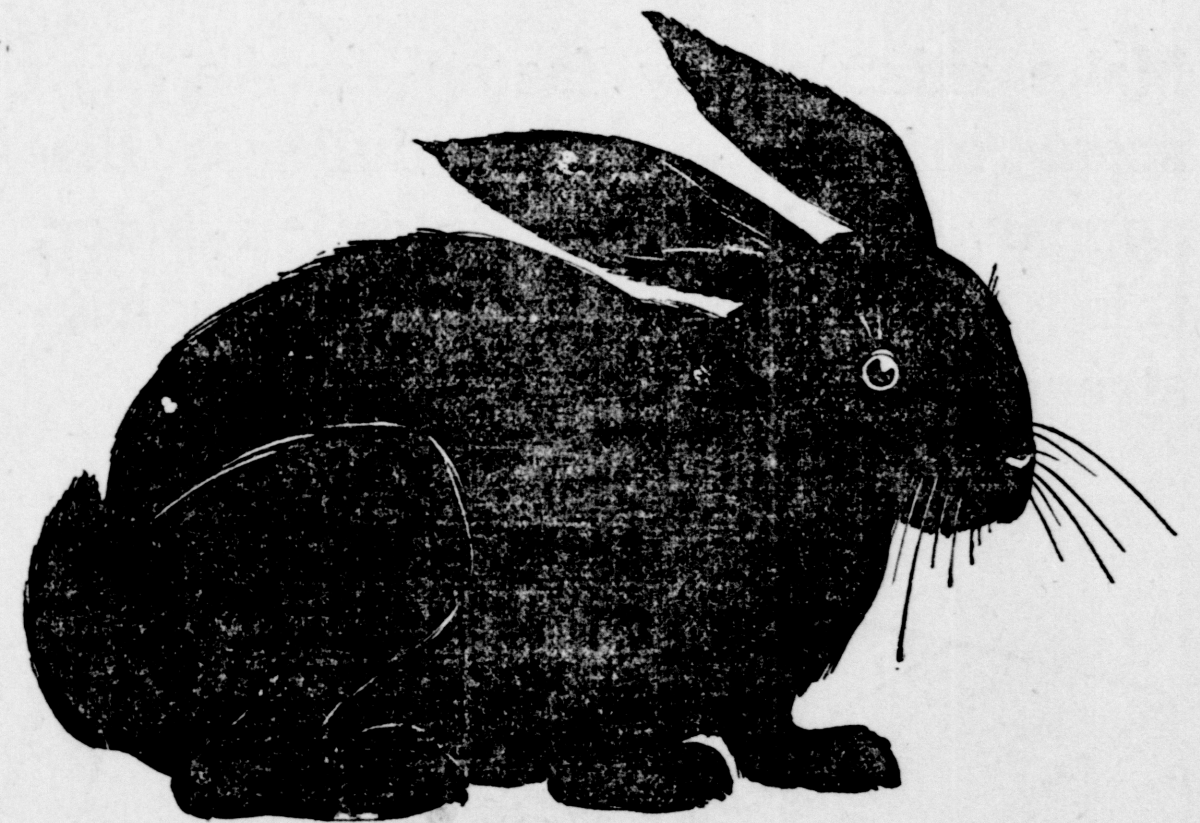

school, started this fall, now has 120 pupils. Medical examination of every student is required. Unlike the usual high school, the university school has six classes, the lowest courses ending to the seventh grade in grammar schools.

WILSON LEADS IN OHIO

COLUMBUS, Ohio, Nov. 6.—Incomplete returns from 23 out of 88 counties in Ohio give Taft a big lead over Roosevelt, with Wilson an easy first. In only three out of the counties did Roosevelt lead the president. Wilson's plurality over Taft in Ohio will be about 100,000.

M'KINLEY BEATEN

CHAMPAIGN, Ill., Nov. 6.—Late advices here indicate the defeat of Congressman McKinley by over 1,600. Dorchers, democrat, is believed to be elected.

A Serious Joke on The Rabbit

The U. S. Gov't has been experimenting to discover the poisonous quality of *Caffeine* (found in coffee).

57 healthy rabbits were given an average dose of 5 1-10 grains.

—They all died.

See Gov't Bulletin No. 148,
Bureau of Chemistry.

A cup of coffee contains over 2 1-2 grains of *Caffeine*; enough in two cups to kill a rabbit.

Of course this joke was on the rabbits.

A goodly number of humorous Americans play the same joke on themselves and keep it up until some fixed form of disease sets in, as a result of the daily dose of *Caffeine*, in quantity enough to kill a rabbit, but only enough to

Cripple a Man

Not at one blow, but by
little blows repeated daily.

Of course some systems are strong enough to stand all kinds of abuse, but when a man or woman observes a growing nervousness, or heart trouble, stomach, bowel or eye disturbances, it is time to quit the daily dose of coffee and see if Nature will begin to heal.

It is easy to shift from coffee to Postum. The food beverage has the deep, seal-brown color which turns to a golden-brown when cream is added. The flavour has the crisp tang so winning to the palate and the cup is made *instant* by one struck spoonful of the powder,

INSTANT POSTUM

stirred in a cup of hot water, and there you are.

The change from coffee to Postum works wonders.

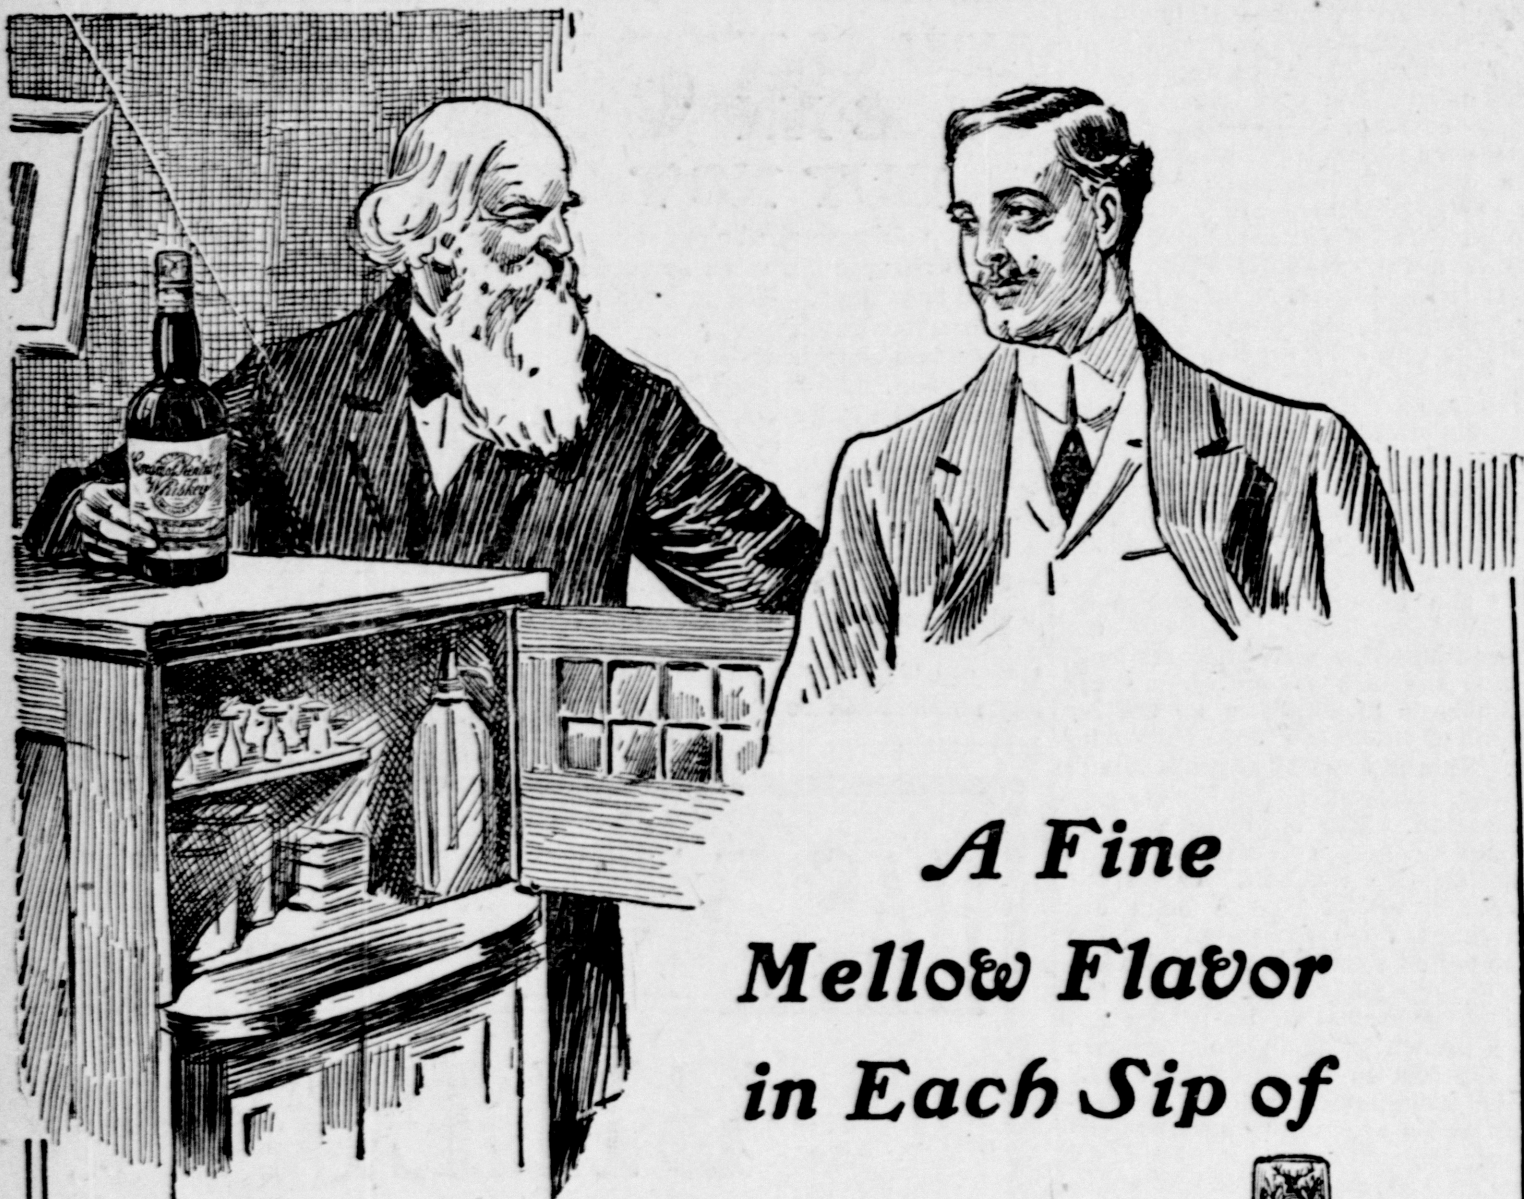

Grocers sell Instant Postum

—100-cup tins at 50c. 50-cup tins at 30c.

If your grocer doesn't have Instant Postum send his name with 2c stamp for postage and we will send you a 5-cup sample free.

J. R. HILL SATISFIED

NEW YORK, Nov. 6.—Democracy success will not have an adverse effect on business, James R. Hill, railroad magnate, declared today.

"I feel better over the general outlook than I did before election," he said. "An attempt was made to bring about a political revision but the American people while desiring a change showed their good sense by repudiating revolutionary doctrines and sticking to sound principles and established methods of bringing about their wishes."

BRICKLEY ONE OF THE BEST IN GAME

Charlie Brickley, Harvard's big half back, is one of the biggest figures in football this season and looks plenty good enough for a place on the All-American. In the Harvard-Princeton game Brickley covered himself all over with glory by making three difficult field goals.

FAN-ATICAL FANCIES

According to all indications Harvard has one of the strongest football teams in the history of the school. Before the Princeton game last Saturday it was realized that the Crimson was strong but it remained for that contest to bring out the real strength of the eleven. Now it seems as if Harvard should be able to win the championship in the east but in order to accomplish this result they will have to defeat Yale and Dartmouth. Both these schools are represented by strong elevens which will give the Crimson a hard fight and it will be no easy matter to beat either of them. The problem which the coaches now face is to prevent the Harvard team from going stale after the game with Princeton last Saturday.

It is evident that Chicago is very optimistic for the latest information from the Midway camp is to the effect that the Maroons are now fondly hoping for a triple tie in the western championship situation. The Maroons base their hopes on the supposition that if Wisconsin beats Minnesota the Chicagoans are figuring on handing the Gophers a beating when they meet on November 23. If this situation should be brought about, which looks extremely impos-

sible, each of the three big elevens would have lost one game and the championship situation would be complicated to say the least. If Wisconsin, after beating Chicago decisively, should hand the Gophers a defeat they will have an undisputed claim to the western title and the Gophers and Maroons would then fight it out for second place.

Captain Pendleton, DeWitt and Baker are the men who are starting for Princeton this year and they are the men who are playing the steady game at all times this season. DeWitt's line plunging has netted big gains for the Tigers while the sensational runs of Pendleton and Baker have also been features of the Orange and Black play. Pendleton was a marked man in last Saturday's game with Harvard and every more he made was closely watched by them but even at that he did some good work.

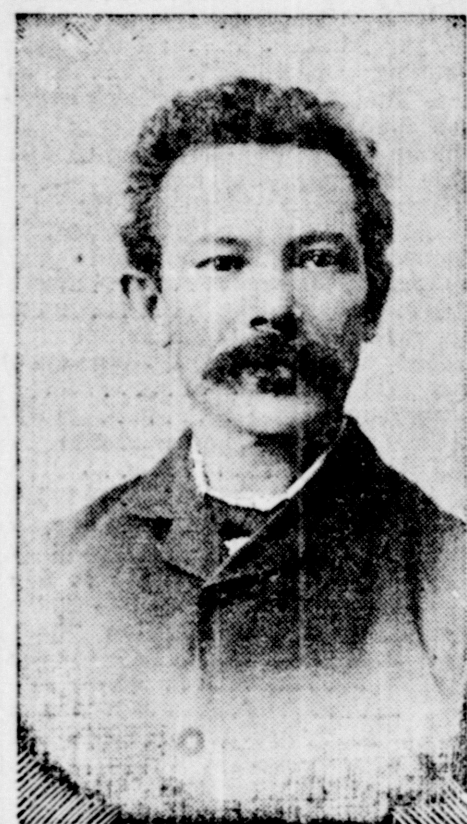

In Felton, Harvard appears to have a punter of unusual ability and his long kicks have been of great help to the Crimson as was plainly evident in last Saturday's game with Princeton. With Felton, Brickley and Captain Wendell all in the game Harvard has an array of stars who are hard to beat and any opposing team will have their troubles in stopping these men.

Quarterback Eddie Gillette of the

Badger team is coming in for great praise from the critics for the manner in which he ran the Wisconsin eleven in the Chicago game last Saturday. His generalship was said to be of the best while his dodging style of running has been called the equal if not the superior of that which made Walter Steffen of Chicago famous. This is Gillette's first year at quarterback but he has made good from the jump and he displayed great versatility in shifting from halfback to quarter and making good in Kelle Moll's old position.

This has been an unfortunate year for major league baseball managers for many of them have lost their jobs and many changes are to be made. McGraw of the Giants and Clarke of the Pirates appear to be the only leaders who have their jobs clinched for there has been no talk of firing them. Murphy some time ago announced the "retirement" of Frank Chance, the St. Louis club fired Roger Bresnahan. It is said that Hank O'Day is scheduled for release at Cincinnati and Bill Dahlen is said to be none too sure of his job at Brooklyn. Johnny Kling has already been deposed as boss at Boston.

Miller Huggins, the brainy little second baseman of the St. Louis Nationals, has been appointed to succeed Bresnahan as manager of the Cardinals. Huggins is a veteran player as he played around the keystone

EIGHT COLLEGES IN NEW CONFERENCE

The new conference of the big western colleges is going through. This was the statement of Dr. Clarence Kenney, coach of the Marquette university football eleven, Tuesday night. Dr. Kenney was one of the original backers of the new conference which attempted to invade the west some time ago, but fell down because of the backwardness of several of the colleges proposed.

The new league will be made up of eight strong colleges, namely, Notre Dame, Wabash, Michigan Aggies, St. Louis, Marquette, Lawrence, Lake Forest and Mayhew Beloit. All of these schools are recognized as being among the strongest in the west and if a permanent organization of these teams can be formed it will be an instantaneous success.

CLAIM CANNON VICTORY

DANVILLE, Nov. 6.—"Uncle Joe" Cannon's managers at 1 o'clock made the claim that Cannon would carry Vermillion county by 2,000 to 2,500 and is probably re-elected.

MICHIGAN FOR COLONEL

DETROIT, Mich., Nov. 6.—Progressive state headquarters claim Michigan for Roosevelt by 50,000 plurality. This was conceded by the two other leading parties.

HIGH ELEVEN IN GOOD CONDITION

With Exception of Wiebrecht All the Local Team Is Ready for Madison

THE LINE SHOWS STRENGTH

Forwards Proving Invaluable; Normal Is Getting Ready for River Falls

All of the local high school football players are in good condition after the hard game of Saturday with the Fort Atkinson team. Zeisler who was taken out at the beginning of the second half with an injured shoulder is again out for practice and his injury is practically well. He will be shifted from full back to the right half back position left vacant by the permanent injury to Captain Wiebrecht who has filled this position up to this time. Marshall is again back in the game at his regular position at fullback. With this added strength in the backfield the local backs will be nearly as strong as they were before the injury to Wiebrecht. The local backs will in all probability line up for the rest of the season with Gardner and Zeisler at the halfback positions and Marshall at full.

None of the linemen were injured in Saturday's fracas and all are in better condition to go into the coming games with the added experience they obtained against the Fort players than they were heretofore this season. The local defense is exceptionally strong in the tackle positions this season as Dickens and McCahan are the best men the local highs have had in these positions for some seasons. Gunderson at center did not know his real strength until Saturday when he was able to break through the strong Ft. Atkinson center and break up many plays. He promises to do even better from now on as he has awakened to his real power. The local guards although not flashy players, are steady consistent men and it requires a very strong team to make any gains over them.

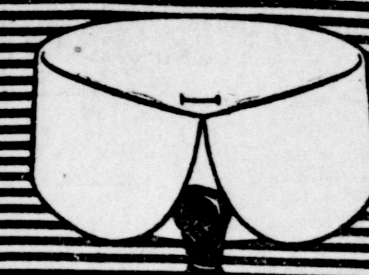

Ends are Strong

Fay and Renner showed their ability as ends on Saturday and in some of the former games as they did not allow any long gains to get around them and often broke up forward passes that looked good. Strum at quarterback outgassed and outgeneraled the quarter from the Fort on Saturday as he was able to determine the weak points and he sent plays over them for long gains. In the second half of Saturday's game the visitors substituted a guard and Strum sent Marshall over this place three times in succession for about thirty yards gain.

Wiebrecht Is Out

Captain Wiebrecht's shoulder has been found to be broken after another more careful examination and the hope that he would at least be able to get into the Thanksgiving game with Sparta has been given up. The doctors say he will be unable to get into any athletics for some time. The loss will be greatly noticed as he was a very consistent ground gainer and instilled lots of life into his teammates. Many attribute his absence in the Eau Claire game as the real cause of the loss of that battle. The rest of the team will now have to learn to play the same kind of a game that they played on Saturday whether they have their captain in the game or not.

The next game of the locals is with the Madison high school eleven at Madison on the sixteenth of this month. The Madison team has gone thus far this season without a defeat and will put up a very hard fight not to lose when the locals tackle them. All of Coach Otto Seller's efforts from now on will be to build up a defense that will keep the Capital City boys from scoring and to put up such an offense that cannot be

stopped. He has shown that he can do this in the Fort game and there is no reason why he cannot do so for this the most crucial game of the season.

Normal Strong

Having displayed an article of football which came very near defeating Milwaukee two weeks ago, the normal squad feels confident of defeating River Falls normal when the two teams clash at the latter city next Saturday. Coach Carter has been drilling his men on more close formations and with the addition of some brand new plays expects to play River Falls off their feet.

During the week the men have been given special lessons in football rules and every man has become familiar with the intricacies of the new football.

The backfield will be the same which met Milwaukee. Swancutt at fullback; Griffin and Newlin at halves and Downey at quarter. Roberts at center; Wolfe and Josephs at the guard positions and Bryan and McGlynn at the tackles comprise an exceptionally strong line. It was practically impenetrable in the Milwaukee contest and will prove a stonewall for River Falls. All the men are in the best of condition and as the up-state boys have been playing remarkable ball an exciting contest is anticipated.

ROOSEVELT RUNS NEXT WITH TAFT A POOR THIRD

Maine and Massachusetts Are Lined Up in the Jerseyite's Column

NEW YORK HIS BY 225,000

Big Vote Goes Hugely in Favor of Governor and Sulzer in Empire State

NEW YORK, Nov. 5.—Returns available early today from practically the entire United States show that the extent of yesterday's democratic victory was even greater than was indicated last night. Wilson and Marshall will have the greatest vote in the electoral college ever given to a democratic candidate. Starting with Maine, which for the first time in its history gives its vote to democratic presidential aspirants, Wilson and Marshall annexed Massachusetts and Connecticut of rock-ribbed republican New England.

New York, New Jersey and Delaware followed suit, with Pennsylvania in doubt, and a chance that it too, may eventually wind up in the democratic column. The solid south clung to the faith of its forefathers and the Wilson vote in nearly every state south of the Mason Dixon line is record breaking and exceeds that given Colonel Bryan four years ago.

Ohio, Indiana, Wisconsin, North Dakota, Nebraska and Missouri of the middle western group, declared for Wilson and Marshall in no uncertain terms. Colorado and Montana in the Rocky Mountain group, are Wilson's. And out on the Pacific slope, where the Roosevelt forces claimed their greatest strength, New Jersey's governor has even captured California, Arizona and New Mexico, the latest states, went into the democratic column by substantial pluralities.

NEW YORK, Nov. 5.—Woodrow Wilson, democrat, swept the country yesterday.

Returns early today showed that the predictions that democratic

party would be in control of in the nation were well founded.

A popular majority was secured for Wilson by a united party in every state in the union. He carried 32 states with a total vote in the electoral college of 354 out of 531 votes.

He carried his own state of New Jersey. He wrested from President Taft his native state of Ohio and from Col. Roosevelt his home community of New York.

Not alone that, but for the first time the organization of the republican party, a democratic candidate will get the electoral vote of Maine.

Wilson goes into office with a heavy democratic congress behind him and assurances that the next senate will be made up of his party faith. He will be able to force through the measures to which he is pledged.

Wilson carried with him to victory democratic senators and congressmen everywhere. He carried through enough members of legislature to ensure the retirement of Senator Briggs of private life and the elevation to the senate of former Congressman Wm. Hughes in whose behalf Wilson stumped the state during the last few days.

Wilson carried the following states all of which were carried by Bryan four years ago:

Alabama, Kentucky, Nebraska, South Carolina, Arkansas, Louisiana, Nevada, Tennessee, Florida, Maryland, North Carolina, Texas, Georgia, Mississippi, Oklahoma and Virginia.

In addition he took from Mr. Taft the following states which the president carried four years ago:

Connecticut, Delaware, Maine, Massachusetts, Montana, New Jersey, New York, South Dakota, West Virginia and Wisconsin.

He was leading and it was claimed he had carried California.

"Only Temporary"—Hilles

Chairman Charles D. Hilles, of the republican national committee, in a statement issued tonight declared that the change in administration was only temporary and that the republicans would regain control of the country in 1916. He eulogized President Taft and declared that his administration was one of the best in the country's history. His defeat, Hilles, said, was due entirely to Col. Roosevelt.

He said:

"The defection from the republican party accounts for the result. The responsibility must rest squarely and solely upon Mr. Roosevelt. But for Mr. Roosevelt's action in deserting the republican party Mr. Taft would unquestionably have been re-elected. Out of the conflict of this extraordinary campaign there can be

ROOSEVELT AND TAFT ACCEPT THEIR DEFEAT AND WISH GOV. WILSON WELL

OYSTER BAY, Nov. 5.—Col. Theodore Roosevelt sent the following telegram to Gov. Wilson tonight:

"The American people by a great plurality have conferred upon you the highest honor in their government. I congratulate you thereon. Theodore Roosevelt."

The colonel then issued the following statement: "The American people by a great plurality have decided in favor of Mr. Wilson and the democratic party. Like all other good citizens I accept the result with entire good humor and contentment."

citizens of the country and also that through his determined and vigorous exposure of the dangerous fallacies of the third term party he has repelled the assaults upon the constitution of our fathers and upon the sound and basic elements of national life."

"We must make clear to the young men of the country who have been weaned away from sound principles of government by promise of reform impossible of accomplishment by mere legislation that patriotism and common sense require them to return to a support of our constitution."

"Without compromising our principles, we must convince and win back former republicans and we must reform our ranks with constitution-loving democrats. We favor every step of progress toward perfect equality of opportunity and ridding society of injustice."

"But we know that all progress worth making is possible with our present form of government and that to sacrifice that which is of the highest value in our governmental structure for undefined and impossible reform is the wildest folly."

"We must face the danger with a clear knowledge of what it is. The

As for the progressive cause I can only repeat what I have already so many times said, the fate of the little consequence, but the cause itself must in the end triumph, for its triumph is essential to the welfare of the American people."

Taft Congratulates Wilson

CINCINNATI, O., Nov. 5.—President Taft tonight sent this message to his successor in the presidency: "Hon. Woodrow Wilson, Princeton, N. J.:

"I cordially congratulate you on your election and extend to you my best wishes for a successful administration."

Taft also sent this telegram to Charles D. Hilles, chairman of the republican committee, who with Mrs. Taft received the election returns at the Times building, New York City:

"You have conducted a most difficult campaign in the face of unusual obstacles. I congratulate you heartily on the fight you have made and am deeply grateful to you for it."

"WILLIAM HOWARD TAFT."

he said, "It's looked like Wilson to me for some time. I believe everybody, that is, everybody who has his eyes open, has seen that it is a democratic year."

Mr. Kellogg did not look as if he thought the country is going to the dogs. He asked about North Dakota and Indiana and expressed no surprise when told of the Wilson near-landslide in the latter state.

PRINCETON, N. J., Nov. 5.—Serenaded by Princeton students and town's-people, who swarmed down to congratulate him on his election to the presidency, Governor Woodrow Wilson, standing on a chair on his front porch, said:

"I myself have no feeling of triumph tonight. I have a feeling of solemn responsibility. I know that a great task lies ahead of the men associated with me and ahead of myself; therefore I look upon you with the plea that with your best purposes, your purest impulses, you will stand behind me and support the men of the new administration. I believe very heartily that a great cause has triumphed, that the American people know what they want and when they know what they want they will have the men and the purpose to attain it."

SALT LAKE, Utah, 10:40 P. M.—The first precincts counted in Salt Lake showed Roosevelt 177; Taft 170; Wilson 132; Debs 99. It is not believed Roosevelt's lead in Salt Lake county will be sufficient to defeat Taft in the state.

ELECTION STORY OF THE BULLETINS

Tale of Choice of Governor Wilson Read from the Ticker at La Crosse Theater

NO QUESTION FROM FIRST

Only a Question of How Many Votes Democrats Will Have in Electoral College

The bulletins told the story. There was no question after the first meagre returns began to filter in from the east that Governor Woodrow Wilson, democratic candidate, was the choice of the nation for president. Maine, Massachusetts, and other republican strongholds in the east went heavily for the democrat. Such another landslide has never been witnessed in the United States. The successive decisive bulletins that showed how the vote was going to follow in the order of their reception, tell plainer than any explanation how the voters of the country thought. Here they are:

LOS ANGELES, Nov. 5.—5:30 P. M.—Secretary McGeheh of the republican county committee at 5:30 p. m. claimed Los Angeles county for Roosevelt by 25,000.

PORTLAND, Ore., 6 P. M.—Early predictions are that Wilson will carry Oregon by 15,000 with Roosevelt second, and Taft a poor third.

It is a neck race between Bourne, independent and Zeilling, republican, for senator. Suffrage will probably carry by a small majority.

SANTA FE, N. M., 6:30 P. M.—Estimates based on scattering returns an hour after the polls closed indicated Wilson and Ferguson, democrat candidate for congress, had had carried the state. Heavy voting in southern counties favored the democrats.

CHICAGO, 7:45.—State Chairman Wm. L. O'Connell at democratic headquarters issued a statement at 7:45 o'clock in which he claimed the state of Illinois for Dunne, democratic, by 115,000. The down state counties, he said, would give him 35,000 plurality. He made no claim for Wilson in Illinois.

CHICAGO, 8 P. M.—Returns at 8 o'clock indicate that Roosevelt will carry the state of Illinois by near by 85,000, remaining results are of same ratio of those in at that time.

CHICAGO, 8:15.—In the city 529 precincts out of 1,364 give Roosevelt 62,704; Wilson 47,370; Taft 27,111; Debs 20,914. Outside of Cook county 99 Illinois precincts give Roosevelt 10,944; Wilson 7,060; Taft 6,340.

ELKHART LAKE, Wis., 8:20 P. M.—Complete returns give Wilson 88; Taft 22; Roosevelt 8.

For governor: Karel 96; McGovern 27.

NEW YORK, 8:25 P. M.—Senator Dixon after a conference with Geo. W. Perkins said: "Roosevelt has a good chance to win."

Dixon denied his earlier concession of the eastern state to Wilson, saying that he had only conceded New York and Massachusetts.

NEW YORK, 8:30 P. M.—National chairman McCombs at democratic headquarters conceded at 8:15 o'clock that Roosevelt had probably carried Illinois.

NEW HAVEN, Conn., 8:35 P. M.—Returns from 16 towns and cities give Wilson 21,876; Taft 18,825; Roosevelt 9,832.

PHILADELPHIA, 8:40 P. M.—U. S. Senator Penrose conceded the election of Gov. Wilson irrespective of the result in Pennsylvania.

NEW YORK, 8:50 P. M.—Based on returns available at 8:25 the indications are that the Wilson plurality in greater New York will be 117,390. Wilson has carried every borough in the greater city. The estimated plurality is: Manhattan and the Bronx 70,000; Kings 39,000; Queens 7,500; Richmond 5,500.

NEW ORLEANS, 9 P. M.—Early indications are that Wilson has swept La. by 65,000 majority. The total vote cast is about 90,000. Taft will probably get less than 5,000 and Roosevelt total will be about 20,000. The progressives polled a big vote in New Orleans.

OMAHA, 9:10 P. M.—Wilson has probably carried the county containing Omaha and Lancaster county, containing Lincoln. Both are normally republican.

MILWAUKEE, Nov. 5, 9:15 P. M.—Available early returns gave Wilson an enormous lead for president in Wisconsin, with Taft running second and Roosevelt a poor third. Karel, democrat, was running ahead of McGovern, republican incumbent for governor.

Returns from the eleven congressional districts indicated the election of eight republicans, one socialist (V. L. Berger), and one democrat, with one democrat-republican contest in doubt.

DEMOCRATS NAB COURTHOUSE JOBS

Andrew Thompson and Geo. Bradish are Only Survivors of Party reck

SCHLABACH RUNS CLOSE

Defeated for District Attorney by Majority of 76 Votes by Sid Law

The tail went with the hide as far as La Crosse county is concerned and Andrew Thompson and George Bradish are the only republicans left to tell the story. The race was so close that the result was in doubt to the very last minute. It went one way first, then the others were in the lead and it was only after the city of Onalaska, the last precincts to report, came in that all were certain that the democrats had carried the county. It is the first democratic victory in the memory of the oldest inhabitant and the candidates and leaders of that party are making up for lost time in their celebration. The closest race on the entire ticket was that between Sid Law and Otto Schlachbach. Sid Law won by the slight margin of 76 votes. Bert Jollivet defeated Charles Rawlinson, who has been county clerk for sixteen years by a majority of 369. It was perhaps the biggest surprise in the whole election. Frank Aiken's ambition to become county treasurer was thwarted by the 200 majority of Garbers. William Ristow, the independent candidate for sheriff polled slightly more votes than Weber's majority over McDonald. Ristow received 256 votes while Weber had 187 votes more than McDonald. The three cornered race undoubtedly affected the result.

Russell Smith loses the office of clerk of circuit court to C. C. Hamilton by 472 margin while Judge Langstad defeated Judge Kleeber for Coroner by 172 majority. Andrew Thompson slid back into office over the opposition of Shove by the narrow margin of 147 while Jarvis failed to connect with the job of surveyor now held by George Bradish by 153 votes.

The social democratic party voted straight ticket and polled 287 votes, a considerable loss over that of last election. The prohibition party exhibited voting strength of 108. The long and earnest campaign waged by the women evidently did not meet with great popular approval in the county, the equal suffrage amendment being defeated more than 2 to 1.

COUNTY IS WILSON'S ALMOST TWO TO ONE

La Crosse county gave its presidential vote to Governor Wilson, the strength of his landslide having carried enough votes on local issues to defeat McConnell and the county ticket. The presidential vote is as follows:

Wilson, 4,238.
Taft, 2,297.
T. R., 918.
Debs, 287.
Drys, 108.

In 1908 La Crosse county gave Taft 4,382, Bryan 4,054, but this is far short of the normal republican presidential vote, which in years far back has approximated 1,200 majority.

WOMEN'S SUFFRAGE DEFEATED HEAVILY

Women's suffrage was defeated in La Crosse county by a vote of more than 2 to 1. The results in the precincts heard from was: For suffrage, 2,077; against suffrage, 4,565. The indication is that it has been decisively defeated in Wisconsin. Three other states were voting on suffrage, Arizona, Michigan and Oregon. All three carried it by safe majorities.

TAFT AND "MAC" GET VERNON COUNTY

At 12 o'clock last night Hon. E. O. Mahoney of Viroqua said over the long distance that Vernon county has given Taft a majority of about 1,500 and McGovern a safe lead over Karel. Grimswood is re-elected for member of the assembly, and Esch has a large majority.

The republican county ticket had no opposition.

MORRIS MAY WIN

Tom Morris for Lieutenant governor, ran slightly ahead of Governor McGovern 3,589. Morris having 26 votes the better of it. In some sections of the state Morris is much stronger than McGovern, and it is presumed that if the governor wins Morris is safe.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm. Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take.—O. T. Erhart—Advertisement.

THE STORY OF "MME. SANS-GENE"

Though most people are familiar with the story of "Camille," which will be revealed in the motion pictures to be presented in this city at an early date, with Bernhardt herself in the title role, not so many know the plot of Sardou's "Mme. Sans-Gené," in which Mme. Bernhardt's great compatriot in comedy, Rojane, will appear, also shown by the cinematograph. A brief review of the story will add to the enjoyment of those who intend to witness the films.

The plot of "Mme. Sans-Gené" is declared to be based upon historical fact. It deals with an incident in life of Napoleon which many reliable authorities declare is authentic. When Napoleon was sub-lieutenant in the army, he had to subsist on his scanty pay, and it was hard for him to pay his expenses. He was living in a poorly furnished garret when his landlady, called Madame Sans-Gené by reason of her free and hearty way, came and presented her bill.

It had been running for some months, and when Madame Sans-Gené, with all the delicacy in the world, asked for the money, Napoleon was embarrassed and begged for time. He wrote on the bill that he was in straitened circumstances, and had to look after his mother and sisters, but would pay when able.

The good natured young woman was content with Napoleon's promise. She shortly afterwards married a companion-in-arms of Napoleon, the rough and ready Lefebvre. The latter followed Napoleon's star and his fortunes rose with the fortunes of his chief, until, by his bravery and loyalty, he had won for himself the rank of a marshal of France and had been made Duke of Dantzic.

Napoleon was then at the height of his career, and having married a daughter of the Hapsburgs, he sought to dazzle the world by the splendor of his court as he had dazzled it by the victory of his arms.

Madame Sans-Gené made a poor figure at the social functions of the imperial court—her manners still betrayed the queen of the wash-tub. The sisters of Napoleon finally became offended at her continued presence in the social circles of the court, and they complained to their august brother and asked to have her dismissed.

Napoleon was furious at the outraged dignity of his court, and summoned the ex-landlady before him. She met his storming and fuming by calm, and when finally, in a frenzy of anger, he sought to send her away, she handed him the unpaid bill, which she had treasured for so many years as one of her most precious possessions.

The emperor was softened. Gently and modestly Madame Sans-Gené led his memory back to the days when he was a struggling lieutenant in Paris, and had been glad to accept her indulgence.

This is the climax of a fine play, finely told. The films will be shown at the La Crosse theater Friday and Saturday, November 8 and 9.

CARRIED 50 FEET BY TRAIN BUT UNHURT

BANGOR, Wis., Nov. 4.—Struck by a moving freight train and carried for a distance of fifty feet on the cowcatcher, only to roll to the ground practically uninjured was the experience of Mrs. Mary Lewis here.

WILSON 1 TO 5 FAVORITE

SAN FRANCISCO, Nov. 5.—Betting men are wagering huge sums here on the result of the election today. Tom Corbett says he has already handled more than \$60,000 and expects to handle \$150,000 more before tomorrow night. On the result in the nation Wilson is the favorite at 1 to 5; democrats 2 1/2 to 1 that Roosevelt is not elected and 4 to 1 that Taft is defeated.

ELGIN BUTTER MARKET

ELGIN, Ill., Nov. 5.—Butter was quoted at 31 cents on the Board of Trade here, an advance of 2 cents over last week's price.

WANT AGENTS FOR CHRISTMAS SEALS

1,200 Local Campaign Managers to Handle Red Cross Stamps Are Wanted

MILWAUKEE, Nov. 5.—(Special.)—A call for 1,200 local campaign managers to handle the distribution of Red Cross Christmas seals in different parts of the state, has been issued by Otto F. Bradley, campaign manager of the Wisconsin Anti-Tuberculosis association. This call constitutes the opening gun of the 1912 seal campaign, which the association will raise the funds for conducting its public health crusade during the coming year.

The sale will open November 29, continuing until Christmas. There were 855 local managers in different localities in 1911, but the association is hopeful of enlisting at least 1,200 this year. Each local manager is expected to have the seals sold by business men, different organizations and all of the school children of the community.

To stimulate the sale on a basis of friendly rivalry, a large number of valuable prizes are being arranged for. They include vacuum cleaners, drinking fountains, an open air school, and a number of other things pertaining to public health and education. The complete list, including several thousand dollars worth of prizes that are being donated by friends of the association, will be announced later.

Seventy-five million seals are being printed for the United States. Eight million of these have been ordered for Wisconsin with the expectation of making a record sale. The past year's accomplishments of the Wisconsin Anti-Tuberculosis association warrant the confidence of its members in the willingness of the people to generously support the crusade against consumption.

RETURNING HANDS BREAK ALL RECORDS

GRAND FORKS, N. D., Nov. 5.—A new record was established by the Great Northern in Grand Forks last week in point of passenger receipts. Railroad officials estimate that fully 18,000 men passed through the city, most of them being enroute from the harvest fields of this state to the northern Minnesota pineries.

CROP YIELDS BIG

MADISON, Wis., Nov. 5.—Big yields of corn and wheat are reported from northern Wisconsin this year. At the branch station of the college of agriculture of the University of Wisconsin at Spooner in Washburn, 73 bushels of corn per acre was raised. This was a strain of Wisconsin No. 8, pure bred corn especially adapted to northern Wisconsin. This was raised on the breeding plot of the station; on the rest of the field 69 bushels of shelled corn per acre was obtained.

AMERICAN AERONAUTS SAFE

BERLIN, Nov. 5.—Details of the balloon flight, which the Americans, John Watts and Arthur Atterholt, finished safely as contestants in the race for the international cup, after they had been practically given up as lost, were anxiously awaited here today.

BLIND BOY BARRED

NEW YORK, Nov. 5.—The mother and father of seven year old Cecil Morris, blind boy from Dublin, Ireland, are grief stricken today because of the ruling of the board of special inquiry that the boy, despite the fact that his parents, who live in Akron, Ohio, are able to support him, must be deported. It also ruled that Mrs. Katherine McSweeney, American born, of Greensburg, Pa., who accompanied the boy here from Ireland, must take him back.

ELECTORAL VOTES IN THE VARIOUS STATES

There are 531 votes in the electoral college dependent on today's election. The successful candidate for president must have 266 or more.

The votes in the college will be as follows:

New York, 45.
Pennsylvania, 38.
Illinois, 25.
Ohio, 24.
Texas, 20.
Massachusetts and Montana, 18 each.
Michigan and Indiana, 15 each.
New Jersey and Georgia, 14 each.
California, Iowa, Kentucky, Wisconsin, 13 each.
Alabama, Minnesota, North Carolina, Tennessee and Virginia, 12 each.
Kansas, Louisiana, Mississippi and Oklahoma, 10 each.
Arkansas and South Carolina, 9 each.
Maryland, Nebraska and West Virginia, 8 each.
Connecticut and Washington, 7 each.
Colorado, Florida and Maine, 6 each.

Nevada, Wyoming, Arizona, New Mexico and Delaware, 3 each.

EXPECT NEW RECORDS

NEW YORK, Nov. 5.—New auto records were expected this afternoon in the 100 mile event at Brighton Beach. Among the drivers entered were Spencer Wishart, Ed Dullen, Dave Lewis, Ralph Mulford and others with some of the best speed cars made.

RESERVOIR BURSTS

NASHVILLE, Tenn., Nov. 5.—The east basin of the Nashville City reservoir gave way this morning and a deluge rushed through a 150-foot opening inundating the flats about the reservoir hill. Several small dwellings were washed away from their foundations and families had to seek safety on roofs and in trees. No loss of life is reported.

BRIDE RETURNS WITH BODY OF HUSBAND

MENOMONEE, Wis., Nov. 5.—After Maude Haskell, Menominee, had journeyed to Los Angeles to wed Donald Hollis of New York, the groom died three days after the wedding, according to a telegram received here today.

The widowed bride is now crossing the continent to New York with the body of her late husband. The cause of his death is not known. The bride quit a position as school teacher to wed.

OCONTO WOMAN OUT FOR OFFICE

OCONTO, Wis., Nov. 5.—Miss Margaret K. Walsh of this city is one of the few women in the state running for office during the present political campaign. She is democratic candidate for register of deeds. Miss Walsh is said to be particularly well qualified for the office. She is a graduate of the Oconto high school and for eight years served as assistant postmaster in this city.

SET GUN FATAL TO SUPERIOR MAN

SUPERIOR, Wis., Nov. 5.—Stumbling over a hidden "set" gun, Stanley R. Currie, 22, principal of the Three Lakes, Wis., school, was killed Sunday.

It is believed that Currie unsuspectingly walked into the hidden instrument of death in the thick brush, and received the full charge.

The use of set guns is against the law and prosecution is expected.

GREEK ARRESTED FOR PANDERING

MILWAUKEE, Wis., Nov. 5.—Peter Wolf, aged 23, 562 East Water street, a Greek, was re-arrested after he had been found guilty of pandering his wife, and a charge of pandering was lodged against him, and that he took her earnings. When she did not bring home enough money, Wolf, it is said, beat her.

GREEN BAY MAN DROWNS IN FOX

GREEN BAY, Wis., Nov. 5.—John Van Laanen, bridge tender on the Kewaunee, Green Bay and Western railroad bridge, was drowned in the Fox river at a point near the bridge. He, according to a woman who heard his cries and ran for assistance, fell out of a canoe. The body has not been recovered. He was 50 years old and unmarried.

DARTMOUTH TO BE WORTHY OPPONENT

CAMBRIDGE, Mass., Nov. 5.—Harvard has reached a stage in its football development where a great responsibility rests on coaches and trainers if the season is to be successful. The contest with Princeton on Saturday took a great deal out of the players and they will have to be handled with a great deal of care if they are to be in the best of shape for the Yale game, the real objective of the season. It is the Dartmouth game now which looms up as one of the most difficult propositions of the whole season.

WILBURCOCO Bread Pudding

3/4 cup Wilburcocoa, 4 cups milk, 1 1/2 cups brown sugar, 1/2 teaspoon cinnamon, 1/2 teaspoon salt, 2 eggs, 1 teaspoon butter, 1 tablespoon granulated sugar. 8 thin slices bread, all crust removed.

Mix the Wilburcocoa with the cold milk until smooth, add one-half the brown sugar and the well-beaten yolks of eggs. Brush bake-dish with butter; cut the bread in dice and place in bake-dish; pour over the Wilburcocoa and milk, cover with the remainder of brown sugar, butter and dust with the cinnamon; bake in moderate oven one hour. Beat the whites of eggs until dry, add one tablespoon granulated sugar; spread over the top of pudding, rough with fork and dust with pulverized sugar; put in cool oven five minutes or until light brown.

Wilburcocoa makes many dainty desserts, cakes, candies and puddings that are wholesome, easily prepared and of great food value. "Cooks' Tours Through Wilburland" tells you how. Get it from your grocer who sells Wilburcocoa, or write us for a copy. H. O. WILBUR & SONS, Inc. Philadelphia

Clear Weather FAVORS M'GOVERN

Heavy Vote to Be Polled Tomorrow; Polls Close at 8 P. M. in the City

With clear weather predicted for today by the government weather bureau everything points to one of the heaviest presidential votes ever cast in La Crosse county. Political prophets have predicted the election of McGovern under good weather conditions and the election of Karel if stormy weather prevails, basing their stand on the probability of a small vote in country districts if the weather is unfavorable. If

their prediction is correct the advantage will be with McGovern. The polls will open at 6 o'clock Tuesday morning in the city and will close at 8 p. m. In the country districts the polls will open at 5:30 p. m.

The voting booths of the various city wards are located as follows: First ward—714 La Crosse street. Second ward—Market square. Third ward—Fifth and Hood Sts. Fourth ward—Washburn school, Eighth and Main Sts. Fifth ward—No. 2 police station. Sixth ward—Lincoln school, Eighth and Division. Seventh ward—Hogan school, Eighth and Winnebago. Eighth ward—Webster school, Fourteenth and Redfield. Ninth ward—Logan school, Logan and Avon. Tenth ward—Franklin school, Kane and Gillette. Eleventh ward—Sixteenth and

Badger Sts. Twelfth ward—City hall. Thirteenth ward—Third and Market Sts. Fourteenth ward—Washington school, Sixteenth and Vine. Fifteenth ward—School house, Berlin and Island. Sixteenth ward—High school, Sixteenth and Cass. Seventeenth ward—Back of No. 3 Engine House, Sixth and Mississippi. Eighteenth ward—Hamilton school, Eighth and Adams. Nineteenth ward—Jefferson school, St. James and Caledonia. Twentieth ward—Corner George and Gohres. Twenty-first ward—Old Shooting park.

ONALASKA GIRL WEDS.—Miss Cora Raymond, Onalaska, and William Hermann, 818 Berlin street, were married at the residence of Rev. George Longbrake at 8 o'clock last night. Miss Raymond,

who is the daughter of Mr. and Mrs. W. E. Raymond, is a graduate of the Onalaska high school and one of the most popular young ladies of that place. William Hermann is employed as a mechanic at the Milwaukee railroad shops, and is connected with the local order of Masons. They left for Chicago on a wedding tour following the ceremony. Upon their return to La Crosse they will make their home at 818 Berlin street.

KAREL CLUB MARCHES

MILWAUKEE, Wis., Nov. 5.—The Racine Karel club, seventy-four strong and under the leadership of its president, John C. Wagner, known all over the state as "the friend of the man who eats," paid Milwaukee a flying visit just as darkness was setting. The club arrived at 6 o'clock, marching to the stirring music of "Everybody's Doin'

It' down Wisconsin street and Grant avenue to the Karel headquarters, then back to the station.

WANT VOTES OUT

COLUMBUS, O., Nov. 5.—Campaign managers of all parties spent today arranging to get to the polls the votes they have scared up within the past month with stump speeches, brass bands and literature. "If our full strength goes to the polls, we win," chorused Chairman Wm. L. Finely, democratic; Harry M. Daugherty, republican; and Walter F. Brown, progressive.

DETECTIVES GUARD POLLS

CONCORD, N. H., Nov. 5.—Detectives employed by progressives were stationed at the various polling places today. All of the big cities throughout the state are similarly guarded. The campaign managers charge an attempt to "steal New Hampshire."

WEATHER IS GOOD FOR HEAVY VOTE

PENNSYLVANIA IS DOUBTFUL

First Time in Many Years that Keystone State Has Been Uncertain

NEW YORK, Nov. 5.—Election day here saw a flood of warm sunshine; the thermometer "just right," putting a tingle in the air that sent early voters to the polls with enthusiasm. Voters made good time

• • • • •
• **Clerk Falls Dead**
• BUFFALO, N. Y., Nov. 5.—Just as a long line of voters filed into his booth when the polls opened early today, Henry Moest, 57 years old, republican clerk, fell across the table and expired of heart disease. The voting was interrupted for several minutes. Moest was a superannuated fireman. The early vote was heavy, hundreds of voters casting before eight o'clock.
• • • • •

and appeared to be voting straight tickets. During the first hour in the Bowery quarter, something like 15 per cent of the registered vote had been cast. In Brooklyn, it was about the same.

NEW HAVEN, Conn., Nov. 5.—Never before has the outcome of a presidential and state election been quite so much in doubt in Connecticut as today. The outcome all hinges on the vote of the progressives and how many votes they take from the two old parties.

Heavy Vote in Illinois
CHICAGO, Nov. 5.—After voting had been on for three hours, the prediction was made that in Chicago more than 350,000 ballots, more than 80 per cent of the total registration would be cast before the day was over. The voting over the entire state was reported heavy.

SAN FRANCISCO, No. 5.—Eliminated entirely from the ballot by the capture of the state republican convention by progressives, President Taft will get no votes in California today. Daniel Ryan, progressive state chairman, predicted Roosevelt would sweep the state by at least 50,000 plurality while J. F. Davis, democratic chairman, claims 30,000 plurality for Wilson.

Pennsylvania Doubtful
PITTSBURGH, Pa., Nov. 5.—For the first time in many decades, in a presidential campaign, Pennsylvania voters went to the polls today with their commonwealth placed in the doubtful column. The voting during the early morning hours, especially in industrial sections, was exceptionally heavy.

Taft Out of Running
LINCOLN, Neb., Nov. 5.—That it will be close between Wilson and Roosevelt for Nebraska's electoral vote, with Taft so poor a third as to be entirely out of the running, was the opinion of unbiased political deponents when the polls opened in Nebraska today.

ST. PAUL, Nov. 5.—The early indications were for a heavy vote throughout the state. Reports from scattering localities within two hours from the opening of the polls, showed that 20 per cent or more of the total registration had been cast.

BOSTON, Nov. 5.—With the best election day weather in years, an unusually large vote and a hot fight in this state, indications today pointed to a record breaking presidential vote in Massachusetts, with the new bull moose party as the deciding factor.

COLUMBUS, Nov. 5.—Democratic claims of carrying Ohio for Wilson and Marshall were not altered in any way today. "Our national ticket will receive more votes than Taft and Roosevelt put together," was democratic State Chairman Findley's parting prediction.

DES MOINES, Iowa, Nov. 5.—Cloudy weather with indications of rain and a heavy early vote was the way election day opened in Iowa.

T. R. Strong in South
NEW ORLEANS, Nov. 5.—With Colonel Parker, one of Roosevelt's right hand men, having directed the progressive campaign in Louisiana, the vote gathered by the bull moose was the chief factor in the election in this state.

JACKSON, Miss., Nov. 5.—Democratic leaders claim that a normal vote was being polled.

CHEYENNE, Wyo., Nov. 5.—Republican managers were jubilant early today, declaring there has been a tremendous swing to Taft at the eleventh hour. Wilson managers were equally confident. Roosevelt backers claimed the state also.

DETROIT, Mich., Nov. 5.—The two commonest forecasts on the result of today's balloting in Michigan were that Roosevelt would carry the state by a small majority and that the outcome was in doubt. The women suffrage amendment was an important issue, on which the vote was said to be close.

FARGO, N. D., Nov. 5.—The state

Tangled Situation in Wisconsin May Mean Choice of Governor

MILWAUKEE, Wis., Nov. 5.—Wisconsin's complicated political situation was being unraveled today under fair skies. Reports from most every section of the state told of sunshine that brought forth a record vote early.

Just what will be the effect of Senator La Follette's bitter denunciation of Roosevelt, mild endorsement of Wilson, near-silence regarding Taft and his endorsement of Gov. McGovern, regular republican nominee despite the latter's Roosevelt tendencies in a national way, remained to be seen with the ballots. Wilson supporters were claiming the entire La Follette following, which means election in Wisconsin.

Outcome of the gubernatorial struggle was in doubt. Supporters of Judge John C. Karel, democratic opponent of the income tax law were claiming strength despite Senator La Follette's stand for McGovern. The latter's supporters express confidence of victory.

With "Votes for Women" in the balance and advocates claiming success after a thorough state campaign, another feature of the voting was the socialists' claim of two congressmen from the eleven congressional districts. W. R. Gaylord, was said to stand an equal chance with W. J. Cary, fourth district, incumbent, while Victor L. Berger was practically assured re-election in the fifth district. Both districts compose Milwaukee and environs.

will cast a normal total vote of 90,000. A solid democratic vote of 35,000 is indicated. The Roosevelt forces claim a majority of from three to five thousand over Wilson, but they admit a hard battle.

SIOUX FALLS, S. D., Nov. 5.—Reports show very heavy early vote cast.

T. R. Lucky

SAN FRANCISCO, Cal., Nov. 5.—Col. Roosevelt's luck was in much evidence throughout California today. It was clear and sunny throughout the southern part of the state, which is the progressive stronghold, while all through the north, where Governor Wilson is strongest, heavy rain and snow fell. It is believed that hundreds of voters will thus be kept away from the polls in the north, particularly in the rural districts.

Prohibition Fight Better

WHEELING, W. Va., Nov. 5.—The national and state contests are almost lost sight of in West Virginia today in the bitter contest over the prohibition amendment. A million dollar fund is claimed to have been dumped into the state to buy votes for the "wets."

SALT LAKE CITY, Utah, Nov. 5.—It was feared the cloudy weather might affect the vote, and upset calculations. Unprejudiced men think Taft will win easily in Utah.

MISSOULA, Mont., Nov. 5.—Democratic managers declare they are conservative when they claim Montana by 19,000. The registration shows a thirty per cent increase over two years ago. The socialists are expected to poll a big vote and will carry Butte. The indications are that Roosevelt will not carry the state.

Kansas in Doubt
TOPEKA, Kas., Nov. 5.—Kansas today is one of the big battle grounds of the democratic and progressive states. The result was entirely in doubt and will hinge greatly on the farmer vote. Women played a prominent part in today's election because of the suffrage amendment to be voted upon.

Rain in Missouri

ST. LOUIS, Mo., Nov. 5.—A cold, drizzling rain was falling in St. Louis and through a great section of Missouri today, adding to the doubt as to the outcome of the voting in this state. An amendment to the state constitution providing for the single tax featured the voting.

Arizona Wilson's

PHOENIX, Ariz., Nov. 5.—The general opinion here seems to be that Wilson will carry Arizona, with Roosevelt second. Outside of the national struggle, chief interest is in the suffrage amendment.

Carson City, Nov. 5.

Interest in Nevada today centered in the contest among three candidates to succeed the late United States Senator Nixon. W. A. Messey, republican, is opposed by Sardin Summerfield, progressive and Key Pittman, democratic.

Even Money on Wilson

PORTLAND, Ore., Nov. 5.—Wilson and Roosevelt backers were both offering even money that their favorites would win. Taft is a bad third in the betting. Senator Bourne, who is running as a progressive for senator, claims re-election by from 6,000 to 10,000 plurality.

TAFT CASTS VOTE
CINCINNATI, Nov. 5.—President Taft cast his vote today at 12:30 o'clock in precinct M, Third ward, his legal residence. The president went to the polls from the home of his brother, Charles P. Taft, in an automobile. He took five minutes to vote.

AGED MEN KILLED
BATTLE CREEK, Mich., Nov. 5.—Stephen Smith, 64, and Julius Barlow, 71, living near Verona, were instantly killed today when a Grand Trunk passenger train struck their buggy.

RACINE CLERK ABERCROMBIE
RACINE, Wis., Nov. 5.—A warrant is out for Earl Griffenberg, night clerk at the Hotel Racine, who has disappeared together with \$650, the receipts of a local theater which had been placed in the hotel safe overnight.

ROOSEVELT VOTES
OYSTER BAY, N. Y., Nov. 5.—After a busy morning at his correspondence, Colonel Roosevelt was driven in his automobile to the polling place at the little engine house at Oyster Bay, arriving there at five minutes after 12 o'clock.

GIVES WILSON A RABBIT'S FOOT

As Governor Leaves the Polling Place Woman Hands Him Good Luck Charm

PRINCETON, N. J., Nov. 5.—As Gov. Wilson left the fire station, where he voted today, he was approached by a beautiful young woman, Mrs. Wade Mountfort, of New York City, who said:

"Governor, I want you to accept this for good luck for today."

She handed the candidate a rabbit's foot which he accepted with a smile and bow.

Vice Chairman McAdoo and Joseph Daniels, of the democratic national committee came to Princeton today for a visit with Governor Wilson. They expect to return to New York this afternoon.

Gov. Wilson's original plan to receive no election returns in his home but to go to bed early and learn the result when he awoke, gradually has been changed and elaborated until now it provides for returns by a private wire for quite a family party.

ROOSEVELT LAGS IN NORMAL VOTE

Woodrow Wilson, true to predictions, swept the board in the election today which was held at the normal school with three hundred and thirty-six pupils and teachers voting. The New Jerseyite secured 190 votes or a clear majority of 44 while he was 122 ahead of his nearest rival, Taft, who was second with 68; Roosevelt polled but fifty counts, Chaffin for the "drys" 18, and Eugene V. Debs 10. The voting took place from 10:30 to 11:00 a. m. and much campaigning was done up to that hour by admirers of the different candidates.

At the same balloting the officers of the Oratorical association were elected and the following were victorious. George Barrett with 189 votes, captured the presidency. Ruth Rogers became vice president with Carmel Young a close second. Josephine Hinton was chosen secretary and Virgil Bryan secured 213 votes wherewith to pin down the treasurer-ship.

WILSON LEADS IN LOCAL STRAW VOTE

A straw vote taken at the Stoddard hotel yesterday morning in which the guests and employees participated, resulted in 28 votes for Wilson, 25 for Taft, and 10 for Roosevelt. Persons from fourteen different states took part in the vote, which was conducted between 9 and 12 o'clock yesterday morning.

EXCITEMENT RIFE IN HOOSIER STATE

Fraud Charges Freely Made in Indianapolis and Terre Haute

INDIANAPOLIS, Ind., Nov. 5.—With fraud charges in Indianapolis and Terre Haute an army of progressive detectives watching the polls and voting machines, the election excitement began early in Indiana.

In Terre Haute today a charge of attempted murder was placed against Whitney Onyett, an attorney, growing out of an assault late last night on U. S. Commission Hall in connection with alleged registration frauds. Hall was holding a night session of his court in order that four men, arrested Saturday, on fraudulent registration charges might be allowed to furnish bond. While the hearing was in progress, Onyett and several toughs entered the room and attacked Hall. He was beaten into insensibility. U. S. Marshals from Indianapolis were rushed to Terre Haute and quieted the disorder, arresting Onyett.

Heavy balloting began early here. Voting machines were in use in every precinct of Indianapolis and in many cities throughout the state.

The three-cornered fight in Indiana has been exceptionally bitter and old time politicians today threw up their hands when asked to make conservative predictions of the lead.

MRS. KATE TABLETT DIES YESTERDAY

Mrs. Kate Tablett, for many years a resident of La Crosse, died of dropsy at the home of her daughter, Mrs. Herman Wieman, 1913 South Thirteenth street, yesterday afternoon, following a year's illness. She was born in Canada and she was sixty-eight years old. She is survived by one daughter, Mrs. Herman Wieman of this city.

The funeral will be held from the residence of her daughter, Mrs. Wieman, 1913 South Thirteenth street, at 9:30 o'clock tomorrow morning with Rev. Johnson officiating at the services. Burial will be made in Oak Grove cemetery.

BOB CLOSES CAMPAIGN

MADISON, Wis., Nov. 5.—Senator La Follette made his closing campaign speech in the university gymnasium before a large audience.

WIFE SUES HAYWARD

NEBRASKA CITY, Neb., Nov. 5.—Mrs. Sarah C. Hayward, wife of Will Hayward, former secretary of the republican national committee, today filed suit for divorce, charging extreme cruelty. Hayward, who formerly resided here, is now practicing law in New York.

STUDENTS DEMAND A RIGHT TO VOTE

Hold Mass Meeting at Normal After Being Refused Franchise Today

HEAVY VOTE BEING POLLED

McGovern Victory Seen in Large Farmer Vote; Suffragettes Are Busy

Because several students at the normal school from outside towns have been refused the right to vote in the fourteenth ward by the election clerks on the grounds that this city is not their permanent dwelling place, a mass meeting of these students was held at the normal school this morning with the result that these students accompanied by a notary public will go to the Fourteenth ward booth in a body and will swear in their votes.

About fifty students over the voting age attended the meeting which was presided over by Professor A. H. Sanford. "Several of the students declared that they had registered but were made subject to protest. Others living in other wards declared that they had been allowed to vote without questioning. Others said they succeeded in getting their votes accepted by swearing to their age and residence. No other questions were asked."

According to several of the students who attempted to vote in the Fourteenth ward as soon as they said they were students at the normal from out of town, they were refused the right to vote.

"When we come to La Crosse," said a student whose parents live at Alma Center, "and attend school here ten months of the year we certainly are residents of this city. When we do not go back to where we were born and reared on election day to vote, we should not be deprived of the right of franchise here."

The students who attended the meeting this morning will assemble at the voting booths in the Fourteenth ward at seven o'clock this evening.

Vote is Heavy

The clear weather resulted in a heavy vote in most of the wards in the city and according to early reports from the country precincts a record breaking vote is being cast outside of the city. Some of the downtown wards however, were not polling an unusually heavy vote up to noon today. The chairman of both parties were jubilant today over the heavy vote and both saw in that fact an omen of victory. The farmers are taking advantage of the good weather to complete their fall work but the corn shredding is nearly finished so that the large majority of farmers were at liberty to vote.

The majority of political dopesters today declared that the heavy farmer vote presaged a McGovern victory. Nearly all conceded that Wilson will carry the county although it is not generally believed he will have a large majority. Many widely varying estimates were made of the bull moose vote. Some placed the vote for Roosevelt as low as 300 while others declared that he will receive as high as 1,600 in the county. It is expected that he will get a large vote in the country than in the city, although several straw votes taken in the last week indicate a pronounced sentiment for the bull moose especially among the younger voters in this city.

Suffragists at Polls

A novelty in campaign work appeared this morning with the opening of the polls when a bevy of equal suffrage workers surrounded each voting precinct and with smile and guile attempted to persuade each voter to "remember the women" when he cast his ballot. The suffragettes handed each voter a card appealing for the equal franchise amendment to the state constitution. Several automobiles were impressed into service by the more enthusiastic workers and they went from poll to poll conferring with the field workers and exerting their influence for the cause.

Although the new corrupt practices act has put a ban on the old system of paid "poll workers" both parties had volunteers at work all day getting out the vote. Many were taken to the polls in carriages and automobiles.

Many of the business places were closed today to allow the employees and employers to vote. Some of the places closed for the day, this being a legal holiday, and others merely closed for an hour or two.

Election returns will be received in various parts of the city tonight the republican and democratic headquarters accepting the invitation of The Tribune to receive the returns of the nation, state and county at the La Crosse Theatre.

Returns will be received at the Elks club, the La Crosse Club, the Y. M. C. A. and several of the buffets. The Y. M. C. A. will serve oyster stew with the returns. It is expected that county and city returns will begin to come in within an hour after the polls close at 8 o'clock, while the national returns began to arrive from the eastern part of the country at about 3 o'clock this afternoon.

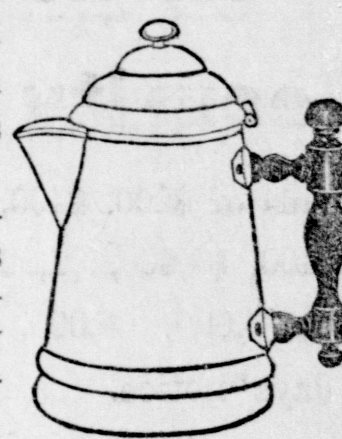

HEADQUARTERS QUIT

NEW YORK, Nov. 5.—The national headquarters of the big political parties were deserted today. Only the big chiefs were on the job. The minor employees had been paid off on Saturday and started "back home" directed to get out the vote.

A Wonderful Spring

WE never saw anything just like the "Way" Sagless Spring. It has many of the qualities of the most expensive box spring but sells at the price of an ordinary article.

It never sags or bags. It never doubts you up like a jack-knife. It never bumps on the bed slats. It never rolls the occupants toward the center of the bed. It never creaks and groans and rattles when you turn over. It is unbreakable as well as unsag-gable. It will last a lifetime with ordinary care. There are no open links to come unhooked or tear the bedding. It is a most economical proposition too.

To prove all this we will send one to your home for 30 nights free trial. The Manufacturer's guarantee, as well as ours, gives you absolute protection. If it sags within 25 years the Manufacturers agree to furnish a new fabric free.

Price only \$7.00

Think of it—more than nine thousand nights of luxurious ease guaranteed. No risk—no worry—no expense—it's all comfort. The very first time you go shopping, drop in and we will tell you more about it.

BOTTLE EXPLODES THINKS IT A SHOT

Police Notified After Report Made by Explosion of Wine Flask

The alleged attempted assassination of Otto Zabel, which was reported to the police Sunday night, under the light of today's developments, takes on the aspect of a huge joke.

Patrolman Alois Yehle today explained the affair with the declaration that a bottle of wine had exploded in the cellar and that Zabel believed some one had shot at him. Zabel then notified the police and when asked if he had any suspicions, is reported as having said that Emil Schwartzfager, his brother-in-law, and himself had quarreled.

Schwartzfager was arrested shortly after and several members of both families were instructed to be present at police headquarters. After a full investigation, Chief of Police John Webber decided that Schwartzfager was in no way connected with the affair and immediately ordered his release. Patrolman Yehle added light to the incident today with his explanation regarding the explosion of the wine bottle. Zabel was sitting near a window at the time of the explosion.

VOTE BREAKS RECORD

BUFFALO, N. Y., Nov. 5.—Fifty-four per cent of the entire registered of this city had been cast at noon. The total runs over 5,000 ahead of the figures for the same time in 1911 and nearly 10,000 ahead of 1908 at noon.

GIRL CONFESSES TO HOTEL FIRE

Says She Started Blaze that Killed Three to "Create Excitement"

ST. LOUIS, Mo., Nov. 5.—Barbara Gladys Arnold, an 18 year old nurse girl in the family of Rev. William J. Williamson, confessed today that she set fire to the Berlin Hotel last Friday night to "create excitement." She said that early today she tried to burn the Windermere, another family hotel.

In the Berlin Hotel fire, two women and a retired banker were burned to death. A fourth person, struck by an automobile going to the fire, died.

In addition to those killed, a fire lieutenant is now near death as a result of injuries received and two other firemen were seriously hurt.

PLAN FARMER COURSE

MADISON SHORT STUDY FOR AGRICULTURISTS WILL INCLUDE ALL MEMBERS OF THE FAMILY

MADISON, Wis., Nov. 5.—"Something for every member of the family," is the slogan that has just been adopted for the next annual ten days' farmers' course of lectures and demonstrations, to be held at the college of agriculture of the University of Wisconsin, Jan. 28 to Feb. 7, 1913.

Courses will be given for women and girls in the work of the home and its surroundings, while the men and boys of the farm will have lectures and classwork on all phases of grain, fruit and livestock farming. Special attention is to be devoted to the question of destructive insect, plant and animal pests. A demonstration of vaccination for hog cholera and another of tuberculous cattle will be held to instruct farmers how to fight these scourges adequately.

Every farmer in the state is invited to attend this course which is held at the time when farm work is least pressing. As tuition is free, the only expense will be for railroad fare and board and room. Good board and room can be obtained in Madison for about \$5 a week.

AVIATOR KILLED

VIENNA, Nov. 5.—An Austrian military aviator fell with his aeroplane at Goertz today and was killed.

WILSON'S VOTE IS FOR HIMSELF

Battery of Camera Snaps Governor as He Casts His Ballot

MANIAC TRIES TO SEE TAFT

Found Sitting on Doorstep of Brother's Home in Cincinnati Today

PRINCETON, N. J., Nov. 5.—Today Governor Woodrow Wilson deposited his ballot in the village voting place in the fire engine station here this morning. He voted ballot number 112.

That he voted for himself was indicated when he came out of the booth and laughingly remarked to the election officials: "Whoever arranged that ballot made the democratic electors as hard to find as possible. They are almost concealed."

The democratic ticket appeared in the middle and half way down the big sheet.

When Governor Wilson arrived at the polling place he found a battery of cameras trained on the ballot box waiting to "snap" him. Waving his walking stick, he said to the election officials: "I'm governor and can enforce the law if you want me to."

The laws prohibit loitering about the polling places, but the officials here allowed the photographers to set up their machines and take a flashlight picture of the candidate as he turned in his ballot.

Colonel Up Early

OYSTER BAY, N. Y., Nov. 5.—As if the business in hand was much more important than the outcome of the election, Colonel Roosevelt arose early today and was soon dictating to his secretary.

After completing the work of the morning and voting, he returned home to learn the results from a private wire.

Tries to See Taft

CINCINNATI, Nov. 5.—A man who insisted on seeing President Taft, this morning was removed by the police from the doorstep of Charles P. Taft's home, where the president is awaiting the verdict of the people.

The man's ring, at the doorbell was answered by a maid. He tried to push past her but she succeeded in closing the door against him.

"I served in the civil war and I was never mustered out," he called. "And Taft's the man who can do it." Two policemen put the visitor off the grounds.

MINE PAINT AT MINERAL POINT

Sienna Deposits Worth \$52,000,000 Are Found by State Engineering College Experts

MADISON, Wis., Nov. 5.—That Wisconsin has mineral paint deposits worth approximately \$52,000,000 which will place her in the first rank of paint producing districts of the world, is an important discovery just made public by Professor F. A. Kennedy of the college of engineering of the University of Wisconsin who has been conducting tests on the yellowish brown rock found near Mineral Point. It is estimated that there are a million tons of this rock in the vicinity of the town from which by a series of roasting processes the finest grade of burnt sienna can be obtained. The rock from which this sienna is obtained is worth \$50 a ton in the raw state, as it has twice the strength of the raw rock found in Pennsylvania from which sienna can be made and that sells for \$25 a ton. Wisconsin and Pennsylvania are the only two states in the union where the deposits have been found in quantities.

Professor Kennedy has been able to manufacture burnt sienna from the raw rock that has twice the coloring power of the best imported sienna; also a mineral paint that has 2 1/2 times, and a yellow sienna that has 3 1/2 times the coloring power of the best imported siennas. Heretofore all the best siennas have been imported. This discovery, therefore, has given Wisconsin the distinction of having the finest mineral paint deposits in the world.

From the same ore, Professor Kennedy was able to obtain paints of every hue from mahogany to darkest oak. All of them are fast colors and all are more lustrous than the best imported paints. An idea of the unusual strength of the Wisconsin paint material may be obtained from an experiment conducted by Professor Kennedy. He took one gram of the best imported red sienna and mixed it with two grams of china clay, a cheap adulterative. The result was pink. He then mixed one gram of the new Wisconsin sienna with china clay and kept on adding the clay until he had obtained the same shade of pink as before. He then weighed the whole and discovered that he had added twice as much china clay as he had to the other, but had obtained just as good a paint. This means that only half as much of the Wisconsin sienna will have to be used to make as good paint as is obtained by the use of the best imported siennas.

MARSHALL CASTS VOTE

INDIANAPOLIS, Ind., Nov. 5.—"I am sure of one vote anyway," said Governor Thomas R. Marshall with a laugh, as he experimented with the voting machine in his home ward today. He was the only vice-presidential candidate of the three big parties to cast a vote. Governor Johnson, bull moose candidate, was in New York, the width of the continent separating him from his precinct, and the republican candidate is dead.

PHILLY VOTES HEAVY

PHILADELPHIA, Pa., Nov. 5.—Heavy voting marked the day in Phil-

adelphia, more than sixty per cent of the vote being cast by 2 o'clock. Senator Vare, the down town leader, announced that Roosevelt was running a close second to Taft in his wards.

SAYS KEELER IS STAR AT GUARD

Normal Coach Carter Declares "Tubby" Has His Position Cinched

"In spite of the fact that he had an injured shoulder which still bothered him a great deal, Tubby Keeler put up a wonderful game in the annual Wisconsin-Chicago football contest at Madison Saturday," said Fred G. Carter, athletic director at the normal school yesterday. Coach Carter, who is a former Badger athlete, attended the big game and was present at the homecoming which was held at Madison last week.

"Keeler has not recovered from that injury to his shoulder which he sustained in practice some time ago but he certainly showed up in wonderful style at guard Saturday. He made several wonderful plays and

put up a steady game throughout, using his good shoulder to get his opponent out of the way for an opening in the line. There is no doubt but that Tub has his position cinched at guard and he is showing up strong and is fast for a guard.

"Although everybody at Madison realizes that the Badgers will have a hard fight on their hands when they tackle the Gophers at Minneapolis on November 16 in what will be the championship game, the Wisconsin students expect their eleven to win for they certainly have a great team this year. They did not present their strongest lineup Saturday due to the fact that Van Riper, the halfback, was out of the game but he will be back for the Minnesota game and this will add considerable strength to both their offense and defense.

"The homecoming at Madison this year was a grand success and a large number of alumni came back for it," continued the normal school athletic director. "There were many from La Crosse who went down and this city was well represented Saturday."

BADGERS PREPARE FOR THE GOPHERS

MADISON, Wis., Nov. 5. — The Wisconsin team held the first practice of the week, in preparation for the Arkansas game next Saturday. Only light signal work was indulged in, the coaches deciding that scrimmaging would be too strenuous after Saturday's hard game. The men ran through signals the better part of two hours, until it became too dark to follow the ball.

Gillette and Bellows spent considerable time in practicing punting, in an effort to better the kicking of the team, which was not very strong in the Maroon game. The squad was in high spirits today as a result of the victory Saturday, and worked with a will.

Later in the week, the coaches will start on a list of new plays to spring on the Minnesota squad, two weeks hence. Coach Driver returned today from Minneapolis, where he witnessed the Gopher-Illinois game, and has brought with him a list of Minnesota plays. These will be taught to the freshmen and scrub teams, and tried

on the Varsity squad, in order to give them a chance to build up a defense for them.

The soccer practice is progressing rapidly, over fifty candidates being out daily for the work. Coach Meunier expects to stage the first game at an early date. The games will be limited to contests between the various departments this fall.

BRICKLEY IS STAR HARVARD HALFBACK

CAMBRIDGE, Mass., Nov. 5. — Charley Brickley, tamer of Tigers and Harvard's peerless right halfback is about none the worse for the rough handling meted out to him by Princeton on Saturday.

Brickley has scored nine touchdowns and booted ten field goals and a goal from touchdown, making in all 85 points out of 143 points scored by Harvard this season.

This football prodigy, termed by Capt. Wendell, as the best all around halfback ever turned out at Harvard, is playing his first year on the varsity team. Brickley stated today that he felt fit as a fiddle and ready to

get into a game at a minute's notice.

Capt. Wendell, whose ankle was injured in the Brown game, still is ailing and probably will not return to the ranks until the Yale contest. Trumbull H. Hardwick, and Parmenter are slightly under the weather. The men who played the Princeton game will not report until today and some of them will not get into action until later in the week.

HUGGINS CHOSEN TO LEAD CARDINALS

ST. LOUIS, Mo., Nov. 5. — Miller Huggins today was made manager of the St. Louis Cardinals to succeed Roger Bresnahan, who was made a free agent a few days ago. Huggins came in from Cincinnati and met the officials of the Cardinals. Little time was lost in coming to terms, and the announcement of Huggins' appointment was immediately made public.

The contract was then ordered drawn and after this is signed everything will be binding. There is scarcely a chance of a slipup at this stage of the game and the second baseman was hailed as the manger everywhere.

FOUR CLUB CITY LEAGUE ASSURED

1913 Will See Games on Saturdays, Sundays and Holidays is the Plan

WILL HAVE NORTH SIDE PARK

Members of New Organization and the Progressive League Will Get Together on Scheme

Following a meeting of the baseball players at the city hall last evening it is now certain that a city baseball league will be organized in La Crosse to play on Saturdays, Sundays and holidays during the season of 1913. The league is to be composed of four clubs, the Athletics, Nelson Clothing company, Summits and the La Crosse Clothing company teams, and in this way the north and south sides will each be represented by two teams.

James Patterson of the Summits, J. E. Kircheis of the Athletics, Lester Garder of the La Crosse Clothing company and J. M. Hayes of the Nelson Clothing company were appointed a committee to draft a set of by-laws for the organization and to draw up a schedule. This committee will decide on the opening and closing of the season, the laws which shall govern the organization and the name under which the league shall play. It is probable that the new organization will be known as the city league.

Now that it is certain that a city league will be organized for next season, plans for the playing season will be completed. At the meeting the plan of building a baseball park on the north side was discussed and it was pointed out that some money for a plant of this kind had already been subscribed. Members of the league will meet the North Side Progressive league in order to make an attempt to get their aid in building the park as with two clubs on the north side a park in which to play the games becomes a necessity. Steps to get a baseball park on the north side will be taken soon.

All the players who are on the teams in the city league will have to live in La Crosse and no clubs will be allowed to change their lineups in order to put in "ringers" for certain games. In this way the new organization will be run along the same lines as a league and good baseball will thus be assured the fans of this city as the teams will all have to play all the games with their regular lineups and no outside players can be secured to strengthen a club. According to the plans suggested at the former meeting the season will probably open about April 1 and close October 1 with a schedule which will furnish games on Saturdays, Sundays and holidays with each team playing the same number of games.

The meeting was adjourned subject to the call of the committee which was appointed to draw up by-laws and a schedule. League officers will be elected at the next meeting.

GOPHER TEAM IS STRONG SAYS HUFF

CHICAGO, Nov. 5. — George Huff, athletic director at the University of Illinois, passed through the city yesterday on his way from Minneapolis to Urbana. The silent tutor of athletes had nothing but praise for the Gophers and the hard, uphill battle which the downstaters put up against Minnesota on Saturday.

According to Huff, Minnesota will improve as the season grows older, and it is his opinion that Wisconsin will have its troubles in beating the big northwest team on November 16. Although his team was beaten 13 to 0, Huff thinks Illinois would have made a much better showing if better judgment had been shown in the selection of plays, especially when the downstaters had the ball inside the Gopher five yard line.

BERT WIEBRECHT
Captain and star halfback of the high school team who was injured in Saturday's game and who may be out of the game for the rest of the season. Before he was hurt Saturday Wiebrecht played a wonderful game scoring three touchdowns in the first quarter and practically clinching the game for La Crosse. If he is kept out of the game because of his injuries, the loss of the great halfback will be a big handicap to the highs for Wiebrecht has been putting much fight into the team.

YALE IN HARD SCRIMMAGE

NEW HAVEN, Conn., Nov. 5. — Yale's football players displayed fighting trim in their resumption of scrimmaging today after a layoff since last Wednesday because of the death of Guard York. Varsity and freshmen eleven battled and the freshmen team held the regular to two scores in a thirty-minute session.

CHAMP WANTS BOUT

NEW YORK, Nov. 5. — Chas. LeDoux, bantam weight champion boxer of France, has arrived in America and today is seeking a bout with Johnny Coulon. Frank Erne taught LeDoux to box, and the little fellow has won fifty-four of his fifty-five fights, everyone with a knockout.
